

## Advantages of Ready Go Gardens

- All our seeds and plant starts are selected specifically for your specific climate, including heritage and heirloom species
- Our combination of bags and tables help reduce constant bending over and improves accessibility and visibility for the user
- Easy to install and controlled irrigation system with low pressure and minimal water
- Our plant starts and seeds are Non-GMO because genetically modified plants add health and environmental risks

## About Ready Go Garden Soil

We provide an amazing proprietary soil mix with over 20 different all natural organic and composted amendments.

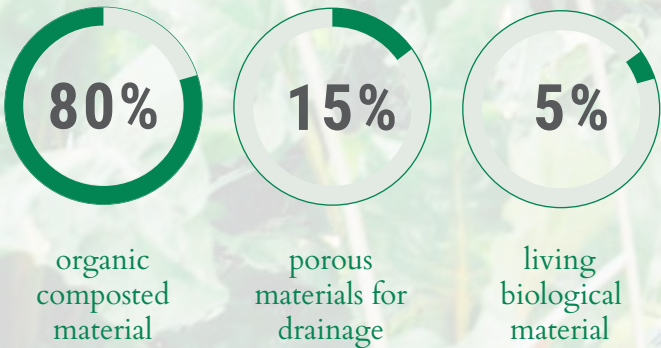

**AVAILABLE AT  
IN SELECT STORES!**

# Benefits of Foodscaping

- Develop more self-reliant and resilient food networks
- Improve local economies
- Improve wellbeing through increased social contact, culturally valued activities and mitigation of food poverty
- By reducing 20% of store bought food, you can reduce carbon footprint by 68 lbs of CO2 per year!

Our soil is estimated to be:
