Ontario to Require Proof of Vaccination in Select Settings

As of September 22, 2021, Ontarians will need to be fully vaccinated (two doses plus 14 days) and provide their proof of vaccination along with photo ID to access certain public settings and facilities. This approach focuses on higher-risk indoor public settings where face coverings cannot always be worn and includes:

- Facilities used for sports and fitness activities and personal fitness training, such as gyms, fitness and recreational facilities with the exception of youth recreational sport;
- Sporting events;

Ontario Sport Network looks to provide up to date information from the Province of Ontario with regards to the effort to reopen Ontario safely and under all COVID-19 protocols and measures. Local, municipal and provincial guidelines should be consulted and followed regularly to ensure appropriate protocol is in place.
