Gesa is an amazing coach. Her calm and supportive demeanor cuts through the buzz in my head, and she helps me think clearly about myself and my career. She is undoubtedly a force multiplier in my career. Gesa is insightful and brilliant and helps to make all the hard work that much easier. She's high touch and often reaches out to me throughout the week to check on my progress or see how I've dealt with challenges she knows I'm facing. I can't recommend her more. If you have the opportunity to work with her, do it!

I had the pleasure of working with Gesa for two years as we served in the Global Women's Network leadership team. She led workshops and gave presentations on the topic of health and a positive mindset. She was a role model for professional women- she gave the message to strive to excel in their business roles and look for excellence in mind/ body balance. She challenged others to push their comfort zones and quiet their inner critic. Through Gesa, we learned that we are capable of so much more than we imagine ourselves.
