Child Protection & Safeguarding Policy and Procedures

RMF Child Protection and Safeguarding Policy

1. Introduction

This policy is provided so that all representatives of the Russell Martin Foundation (RMF) understand their safeguarding responsibilities and are aware of the policies and procedures in place to deal with such issues. It is important that this policy is discussed by the Board of Trustees. RMF must ensure it adheres to this policy in full. RMF's designated welfare officer – referred to as the Designated Safeguarding Lead (DSL) – is an integral requirement of this policy.

2. Our Ethos

- a) At RMF we strive to be a place where all students or participants, staff and helpers, as well as families and other visitors will be made welcome and comfortable and where we will treat each other with respect.
- b) RMF believes that all children have the right to protection from neglect and abuse and that their welfare is of paramount importance.
- c) RMF is an organisation where learning and personal development takes place in a climate of trust and confidence and where we value everyone's unique contribution to our community.
- d) RMF is committed to safe recruitment and selection procedures to ensure that all staff and volunteers have been appropriately screened prior to appointment, and to the provision of appropriate child protection and safeguarding training through our staff induction programmes and via continuing professional development opportunities.
- e) RMF believes it should provide caring, positive, safe and stimulating environments that promotes its values and the emotional, mental health and wellbeing of the individual child.
- f) RMF recognises the importance of working in a trauma-informed way, based on the understanding that a child's experiences of adversity and trauma can have long-term impact and leave them vulnerable to further harm, as well as disadvantaged in facing barriers to attendance, learning, behaviour and mental health.
- g) RMF recognises the importance of providing an environment within our programmes that will help children and young people feel safe and respected. We recognise the importance of enabling children to talk openly and to feel confident that they will be listened to. We recognise the need to teach children the skills they need to stay safe and to ask for help if they need it.
- h) RMF recognises that all adults working within RMF, including permanent and temporary staff, volunteers and trustees, have a full and active part to play in protecting our students from harm.

- i) RMF will work with partners and parents, as well as children and young people themselves to ensure the welfare of all children, and this includes the need for referrals to other agencies in some situations.
- j) All suspicions or allegations of abuse will be taken seriously and responded to swiftly and appropriately.

3. Scope and Definitions

- a) In line with the law, this policy defines a child as anyone under the age of 18 years.
- b) By student we mean any child participating in RMF programmes or activities.
- c) When we say 'RMF' or 'the Organisation' we are referring to the Russell Martin Foundation.
- d) This policy applies to all members of staff in RMF, including all permanent, temporary and ancillary staff, trustees, volunteers, contractors and external service or activity providers.

4. Legal Framework

- a) *The Children Act 2004 (Section 11)* places duties on a range of organisations, agencies and individuals to ensure their functions, and any services that they contract out to others, are carried out with full regard to the need to safeguard and promote the welfare of children.
- b) *Working Together to Safeguard Children (July 2018)* states that
 - i. "individual organisations and agencies working with children and families have specific statutory duties to promote the welfare of children and ensure they are protected from harm."
 - ii. Such organisations include (point 57) "voluntary, charity and private sector organisations" because "They may as part of their work provide a wide range of activities for children and have an important role in safeguarding children and supporting families and communities."
 - iii. Organisations also include (point 63) sports clubs and sports organisations, including voluntary and private sector providers, that deliver a wide range of sporting activities to children. "All should have the arrangements described ... in place and should collaborate to work effectively with the safeguarding partners as required by any local safeguarding arrangements. Paid and volunteer staff need to be aware of their responsibilities for safeguarding and promoting the welfare of children, how they should respond to child protection concerns and how to make a referral to local authority children's social care or the police if necessary."
- c) This policy and the accompanying procedures have been developed in accordance with the local and national statutory and non-statutory guidance and procedures detailed in the Appendix, including *Keeping Children Safe in Education (September 2020)*.

5. Roles and Responsibilities

- a) RMF's lead person with overall responsibility for child welfare, protection and safeguarding is the **Designated Safeguarding Lead (DSL)**. We have one Deputy Designated Safeguarding Lead and a Safeguarding Team to ensure there is

appropriate cover for this role at all times. The Designated Safeguarding Lead is a member of the RMF's Senior Management Team. The Designated Safeguarding Lead's responsibilities are described in the Appendix (A).

- b) RMF has a nominated Trustee responsible for safeguarding to champion good practice, to liaise with the CEO and to provide information and reports to the RMF Board of Trustees.
- c) The CEO will ensure that the policies and procedures adopted by the RMF Trustees are fully implemented, and that sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities.
- d) The case manager for dealing with allegations of abuse made against RMF staff members is the CEO. The case manager for dealing with allegations against the CEO is the Chair of Trustee. The procedure for managing allegations is detailed in the Appendix.
- e) The Board of Trustees is collectively responsible for ensuring that safeguarding arrangements are fully embedded within RMF's ethos and reflected in RMF's day-to-day practice.
- f) All staff members, trustees, volunteers and external providers should know how to recognise signs and symptoms of abuse, how to respond to students who disclose abuse and what to do if they are concerned about a child.

6. Supporting Children

- a) RMF recognises the significant impact of trauma on children and families, and it recognises that children who are abused or witness violence are likely to have low self-esteem and may find it difficult to develop a sense of self-worth. They may feel helpless, humiliated and or feel some sense of blame. RMF programmes may be the only stable, secure and predictable element in their lives.
- b) RMF accepts that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn. We understand the need to work in a trauma-informed way with these children and their families.
- c) RMF recognises that children can be at risk in a range of contexts (community, home, school, referred to as 'contextual safeguarding') and not just from adults but also from their peers. We understand that all children involved in peer-on-peer abuse need protection and support.
- d) RMF will support all students by:
 - i. including social and emotional aspects of learning in its programmes, and where appropriate education about drugs, alcohol, tobacco and relationships;
 - ii. ensuring that discussion of online safety issues is included in RMF programmes where appropriate, enabling children and parents/carers to learn about the risks of new technologies and social media and to use these responsibly;
 - iii. ensuring that child protection issues are included in RMF programmes where appropriate to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to;
 - iv. building resilience to radicalisation by promoting British values and enabling them to challenge extremist views;
 - v. providing students with a number of appropriate adults to approach if they are in difficulties;
 - vi. supporting students' development in ways that will foster security, confidence and independence;

- vii. encouraging development of self-esteem and self-assertiveness while not condoning aggression or bullying;
- viii. ensuring all staff understand their responsibility for safeguarding and know what to do if they have a concern for a child wellbeing
- ix. ensuring all staff understand the additional safeguarding issues of children with special educational needs and disabilities and how to address them
- x. liaising and working together with other support services and those agencies involved in safeguarding children;
- xi. monitoring attendance patterns and reviewing and responding to them as part of welfare and protection procedures;
- xii. monitoring children who have been identified as having welfare or protection concerns and providing appropriate support.

7. Child Protection and Safeguarding Procedure

- a) RMF has a structured procedure which is in line with *Pan-Sussex Child Protection and Safeguarding Procedures* and which will be followed by all members of the RMF community in cases of suspected abuse.
- b) In line with the procedures, the relevant Local Authority's (LA's) Safeguarding Children Partnership (e.g., *Front Door for Families* in Brighton and Hove or *MASH* in *West Sussex*) will be notified by RMF as soon as there is a significant concern.
- c) The name of RMF's Designated Safeguarding Lead will be clearly advertised in RMF premises.
- d) RMF will ensure all parents and carers are aware of the responsibilities of RMF staff members to safeguard and promote the welfare of children and act in the best interests of children by publishing this policy and procedure on our website and by referring to them in other relevant materials.
- e) RMF will monitor any cases that we have been made aware of as needing early help and consider referral to children's services if a situation does not improve.
- f) RMF will refer cases where there is a radicalisation concern to the local *Channel* programme as required.

8. Reporting Concerns If Worried About a Child

- a) **Safeguarding children is everyone's responsibility: if you are worried about a child it is important that you report your concerns – no action is not an option.**
- b) If you suspect or believe a child is suffering or is likely to suffer Significant Harm, including any form of mistreatment or abuse, or if you are concerned about your own behaviour and need advice or support – please contact the following:

- i. **Brighton and Hove**

Email FrontDoorforFamilies@brighton-hove.gov.uk

You can also use the 'Front Door For Families' online referral form

<https://www.brighton-hove.gov.uk/content/children-and-education/front-door-families/about-front-door-families>

Telephone 01273 290400 during working hours (9am to 5pm, Mondays - Thursdays and 9.00am to 4.30pm Fridays).

Outside of our working hours contact Brighton & Hove Emergency Duty Service 01273 335905 or 01273 335906.

ii. West Sussex

West Sussex recommend completing their online form to report any concerns.

Visit <https://www.westsussex.gov.uk/education-children-and-families/keeping-children-safe/raise-a-concern-about-a-child/#raise-a-concern>

Or you can phone:

01403 229900 (Monday to Friday, 9am to 5.00pm)

Professionals must use the online form unless there is an emergency safeguarding concern.

Emergency Duty Team (EDT) outside of office hours (5.00pm-9.00am weekdays) or at weekends and bank holidays, call 033 022 26664.

If the Emergency Duty Team line is unavailable and you need to report an emergency safeguarding concern, call 07711 769657 (does not accept texts).

iii. In An Emergency

If a child is in immediate danger or left alone, you should contact the Police or call an Ambulance (call 999).

The emergency operator will need to take your name, address and details of what has happened. This will take time, but it is important to get all of the information from you so that they can send the appropriate resources to you if necessary.

c) Student Concerns Outside of School

If any students have Safeguarding concerns that arise outside of school or RMF programmes:

- i. We would advise that a student discuss any concerns which arise outside of school or RMF programmes with their parents/carers.
- ii. If this is not possible then the student can speak to their teacher or coach at school or at RMF.
- iii. Students and parents/carers can report concerns to Local Authority's Safeguarding Children Partnership using the details above.
- iv. If a child is in immediate danger or left alone, you should contact the Police or call an Ambulance (call 999).

d) Safeguarding When Abroad or Away

- i. All RMF trips are fully risk assessed. This ensures that activities undertaken whilst away are safe and also that staff understand the risks that students face. Safeguarding concerns are picked up within this detail for each trip.
- ii. RMF staff who are selected for trips are carefully considered. This ensures that there are experienced staff who can run the trip and that they are mixed gender. All the staff are trained in Safeguarding procedures. There is also a member of Senior Management 'on duty' back home who has the emergency phone to offer support to those on the trip.
- iii. In addition, students are given contact information for all staff on the trip and are able to raise concerns to them, or via the 'on duty' home contact.

9. Record Keeping

RMF will ensure that records are maintained appropriately for children with safeguarding concerns and that confidential stand-alone files are created and maintained.

10. Safer Workforce and Managing Allegations Against Staff and Volunteers

- a) We will prevent people who pose risks to children from working in our organisation by ensuring that all individuals working in any capacity at RMF have been subjected to safeguarding checks, including checking references and Enhanced DBS checks, in line with statutory guidance.
- b) We will ensure that agencies and third parties supplying staff provide us evidence that they have made the appropriate level of safeguarding check on individuals working with children on RMF programmes.
- c) We will ensure that any agency worker presenting for work is the same person on whom the checks have been made.
- d) Every role will have a job description and person specification, and it will have a clear statement about the safeguarding responsibilities of the post holder.
- e) We will ensure that at least one member of every interview panel, for recruiting new staff, has completed safer recruitment training.
- f) We have a procedure in place to handle allegations against members of staff, supply staff and volunteers in line with statutory guidance.

11. Staff Induction, Training and Development

- a) All new members of staff will be given an induction which includes child protection training proportionate to their roles and responsibilities.
- b) This will include understanding the impact of trauma; how to recognise signs of abuse and mental health problems, how to respond to any concerns, how to support local multi-agency procedures (e.g., providing information), online safety,

- familiarisation with the child protection policy, RMF's staff behaviour code of conduct and the role of the Designated Safeguarding Lead (DSL).
- c) RMF will ensure that staff understand the difference between a safeguarding or wellbeing concern, and a child in immediate danger or at risk of significant harm.
 - d) This induction will include all members of staff having read 'Part One: Safeguarding Information for All Staff' and the 'Annex A' sections from *Keeping Children Safe in Education 2020* if their role involves direct work with children.
 - e) The CEO will undergo child protection training, when appointed to the post and then refreshed every three years.
 - f) The DSL will undergo child protection training, when appointed to post and then refreshed every two years. And they must also update their general child protection knowledge and skills at least annually.
 - g) All school staff, proportionate to their roles and responsibilities, and the nominated safeguarding trustee will undergo child protection refresher training annually and will be provided with regular information to ensure their skills and knowledge are current.
 - h) As part of annual refresher training, all staff will be required to read 'Part One: Safeguarding Information for All Staff' and the 'Annex A' sections from *Keeping Children Safe in Education 2020* if their role involves direct work with children.
 - i) Extra child protection training will take place each term for new staff starting during the academic year.
 - j) All teaching staff and support staff will have done Prevent Awareness training to help spot and prevent radicalisation of children.

<http://www.elearning.prevent.homeoffice.gov.uk>

- k) Teachers and coaches will have training and ongoing support to deliver remote education if applicable.
- l) RMF's nominated Trustee for child protection will undergo appropriate training prior to or soon after appointment to the role and this training will be updated every two years.
- m) RMF will ensure that staff members provided by other agencies and third parties, such as supply teachers, have received appropriate child protection training commensurate with their roles before starting work. They will be given the opportunity to take part in whole organisation training if it takes place during their period of work for RMF.
- n) The DSL will provide a regular briefing to all RMF staff on any changes to child protection legislation and procedures and any relevant learning from local and national Child Safeguarding Practice Reviews, local service provision and any local safeguarding concerns.
- o) RMF will maintain accurate records of satisfactory completion of all staff members' child protection and safeguarding training.

12. Confidentiality, Consent and Information Sharing

- a) RMF recognises that all matters relating to child protection are confidential.
- b) The CEO or the Designated Safeguarding Lead will disclose any information about a student to other members of staff on a need-to-know basis only and in the best interests of the child.
- c) All staff members must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being.

- d) All staff members have a professional responsibility to share information with other agencies in order to safeguard children.
- e) All our staff members who come into contact with children will be given appropriate training to understand the purpose of information sharing in order to safeguard and promote children's welfare.
- f) We will ensure that staff members are confident about what they can and should do under the law, including how to obtain consent to share information and when information can be shared without consent.

13. Multi Agency Working

- a) RMF will develop and promote effective working relationships with other agencies, including agencies providing early help services to children, the police and LA Safeguarding Children Partnerships. We recognise that professional challenge has an important role to play in ensuring effective safeguarding.
- b) We will ensure that relevant staff members participate fully in multi-agency meetings that support particular children and families, including child protection conferences and core groups, child-in-need network meetings, early help meetings, and strategy discussions.
- c) We will participate in Child Safeguarding Practice Reviews, other reviews and file audits as and when required to do so by the local Safeguarding Children Partnership or any successor body.
- d) We will ensure that we have a clear process for gathering the evidence required for reviews and audits, embedding recommendations into practice and completing required actions within agreed timescales.

14. Contractors, Service Providers and Other Activity Providers

- a) We will ensure that any contractors and providers are aware of RMF's Child Protection and Safeguarding Policy and Procedures. We will require that employees and volunteers provided by these organisations use our procedure to report concerns.
- b) We will seek assurance that employees and volunteers provided by these organisations and working with our children have been subjected to the appropriate level of safeguarding check in line with *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2020*.
- c) If assurance is not obtained, permission to work with our children or to use our premises where children are involved may be refused.
- d) When we commission services from other organisations, we will ensure that compliance with our policy and procedures is a contractual requirement.

15. Whistleblowing and Complaints

- a) We recognise that children cannot be expected to raise concerns in an environment where staff members fail to do so.
- b) We will ensure that all staff members are aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If necessary, they will speak with the CEO, the Chair of the Trustees or with the Local Authority Designated Officer (LADO).
- c) Should staff not feel able to raise concerns with RMF they can call the NSPCC whistleblowing helpline on 0800 028 0285 or email help@nspcc.org.uk

- d) We have a clear reporting procedure for children, parents and other people to report concerns or complaints, including abusive or poor practice.
- e) We will actively seek views of children, parents, carers and staff members on our child protection arrangements through surveys, questionnaires and other means.
- f) RMF also supports The FA's Whistle Blowing Policy And encourages participants and staff on its football programmes to know about it and utilise it if necessary. Any adult or young person with concerns about a colleague can use whistle-blowing service of the FA by calling 0800 169 1863 and asking for The FA's safeguarding team, or via email on safeguarding@TheFA.com

16. Site Security

- a) All staff members have a responsibility to ensure that buildings and grounds used by RMF are secure and to report any concerns that come to light.
- b) We check the identity of all visitors and volunteers coming into RMF premises or programme venues. Any adults without appropriate checks in place will be accompanied at all times by a member of staff. Any individual who is not known or identifiable will be challenged for clarification and reassurance.
- c) Visitors are expected to sign in and out in the visitors' log and to display a visitor's badge while on an RMF site.
- d) RMF will not accept the behaviour of any individual, parent/carer or anyone else, that threatens RMF venue or programme security or leads others, child or adult, to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse the person access to the site.

17. Quality Assurance

- a) RMF will ensure that systems are in place to monitor the implementation of and compliance with this policy and accompanying procedures. This will include periodic audits of child protection files and records by RMF's DSL.
- b) We will complete an audit of our safeguarding arrangements if required by partners or relevant outside agencies.
- c) RMF's senior management and the board of Trustees will ensure that action is taken to remedy without delay any deficiencies and weaknesses identified in child protection arrangements.

18. Policy Review

- a) This policy and procedures will be reviewed every academic year. All other linked policies will be reviewed in line with the individual policy review cycle.
- b) RMF's DSL will ensure that all RMF staff members are made aware of any amendments to relevant policies and procedures.

Appendix A –

The Role of RMF's Designated Safeguarding Lead (DSL)

See also *Keeping Children Safe in Education September 2020, Annex B* for the role of the Designated Safeguarding Lead. The DSL will:

1. Manage Referrals

- a) Refer all cases of suspected abuse to the Front Door for Families (in Brighton and Hove) or to the Safeguarding Children Partnership (in West Sussex) and to the Police if a crime may have been committed.
- b) Cases which involve concern around a member of staff (including supply staff), or a volunteer should also be referred, via the CEO, to the FA and to the LADO.
- c) The Disclosure and Barring Service will also be informed where a person is dismissed or left the Organisation due to posing a risk or harm to a child.
- d) Liaise with the CEO about safeguarding issues relating to individual children, especially ongoing enquiries under section 47 of the Children Act 1989.
- e) Act as a source of support, advice and expertise to staff members on matters of child protection and safeguarding.
- f) Liaise with agencies providing early help services and coordinate referrals from the school to targeted early help services for children in need of support.
- g) Monitor any cases referred to early help and consider referral to the children's services where the situation does not improve.
- h) Where there is a radicalisation concern, refer cases to the Channel programme:
PreventReferralsbrightonandhove@sussex.pnn.police.uk (Brighton & Hove)
OR **PreventReferralswestsussex@sussex.pnn.police.uk** (West Sussex)

2. Keep Records

- a) Keep detailed, accurate, secure written records of child protection and safeguarding concerns and referrals.
- b) Ensure a stand-alone file is created as necessary for children with safeguarding concerns. Maintain a chronology of significant incidents for each child with safeguarding concerns.
- c) Ensure such records are kept confidentially and securely and separate from the child's educational, attendance or participation records.
- d) Where a new student is joining the AP school, ensure that a check is made with their previous or parent school for the existence of any child protection concern records.

3. Share Information with Other Agencies

- a) Cooperate with Safeguarding Children Partnerships for enquiries under section 47 of the Children Act 1989.
- b) Attend, or ensure other relevant staff members attend, child protection conferences, core group meetings and other multi-agency meetings, as required.
- c) Liaise with other agencies working with the child, share information as appropriate and contribute to assessments.

4. Training

- a) The DSL will undertake appropriate Child Protection and Safeguarding training, updated at least every two years, and update knowledge and skills at least annually in order to:
- i. be able to recognise signs of abuse and how to respond to them, including special circumstances such as Child Criminal Exploitation, Child Sexual Exploitation, Female Genital Mutilation, fabricated or induced illness (see chapter 8 of the Pan-Sussex Child Protection and Safeguarding Procedures);
 - ii. understand the assessment process for providing Early Help and intervention, e.g., Children's Services Threshold document: A guide to early help and safeguarding services.
 - iii. have a working knowledge of how the Local Authority conducts initial and review child protection case conferences and contribute effectively to these;
 - iv. be alert to the specific needs of Children in Need (as specified in section 17 of the Children Act 1989), those with Special Educational Needs, pregnant teenagers and young carers.
 - v. be able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;
 - vi. be able to recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- b) Undertake Prevent (concerns about radicalisation) awareness training.
- c) Ensure each member of RMF staff has access to and understands RMF's Child Protection and Safeguarding Policy and Procedures, including providing induction on these matters to all new staff members.
- d) Organise whole-organisation child protection training for all RMF staff members annually. Ensure staff members who miss the training receive it by other means, e.g., by joining another organisation's training.
- e) Link with Brighton & Hove and West Sussex Safeguarding Children Partnerships to ensure RMF staff are aware of training opportunities and the latest local policies on safeguarding.
- f) Obtain access to resources and attend any relevant or refresher training courses.
- g) Ensure RMF allocates time and resources every year for relevant staff members to attend training.
- h) Maintain accurate records of staff induction and training.
- i) Encourage a culture of listening to children and taking account of their wishes and feelings in any action RMF takes to protect them.

5. Raise Awareness

- a) Review RMF's Child Protection and Safeguarding Policy and Procedures annually and liaise with the Board of Trustees to update and implement them.
- b) Make the RMF Child Protection and Safeguarding Policy and Procedures document available publicly and raise awareness with all staff and parents/carers that referrals about suspected abuse may be made and the role of RMF in any investigations that ensue.
- c) Provide an annual briefing to RMF staff and trustees on any changes to child protection legislation and procedures and relevant learning from local and national Child Safeguarding Practice Reviews.
- d) Help promote high aspirations and the best possible educational outcomes for children/young people by sharing information with relevant staff and the RMF's Senior Management team (whilst maintaining appropriate levels of confidentiality) about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced. This includes supporting teaching or coaching staff to identify the challenges that children in this group might face and the additional support and adjustments that they could make to best support these children; ensuring that relevant staff know who these children are.

6. Monitor Quality Assurance

- a) Monitor the implementation of and compliance with policy and procedures, including periodic audits of child protection and welfare concerns files (at a minimum once a year).
- b) Complete an audit of the RMF's safeguarding arrangements at frequencies specified by the relevant LA Safeguarding Children Partnership or any successor body.
- c) Provide regular reports, including an annual report, to RMF Trustees detailing changes and reviews to policy, training undertaken by staff members and the number of children with child protection plans and other relevant data.
- d) Take lead responsibility for remedying any deficiencies and weaknesses identified in child protection arrangements.

Appendix B -

Child Protection and Safeguarding Procedure - Detail

1. Definitions

- a) **Abuse**, including neglect, is a form of maltreatment. A person may abuse a child by inflicting harm or by failing to prevent harm. Children may be abused within their family, in an institutional or community setting, by those known to them, or, more rarely, by a stranger.
- b) **Children** are any people who have not yet reached their 18th birthday; a 17-year-old, whether living independently, in further education, in the armed forces or in hospital, is a child and is entitled to the same protection and services as anyone younger.
- c) **Child Protection** is part of safeguarding and promoting the welfare of children and refers to activity undertaken to protect specific children who are suffering, or likely to suffer, significant harm.
- d) **Safeguarding Children** is the action we take to promote the welfare of children and protect them from harm. It includes:
 - i. protecting children from maltreatment;
 - ii. preventing impairment of children's health and development;
 - iii. ensuring children grow up in circumstances consistent with the provision of safe and effective care;
 - iv. taking action to enable all children to have the best outcomes.
- e) **Early Help** means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years to teenage years.
- f) **Harm** is ill treatment or impairment of health and development, including impairment suffered from seeing or hearing the ill treatment of another.
- g) **Significant Harm** is the threshold that justifies compulsory intervention in the family in the best interests of the child. Section 31 of the Children Act 1989 states 'where the question of whether harm suffered by a child is significant turns on the child's health or development, his health or development shall be compared with that which could reasonably be expected of a similar child.'

For more definitions, see *Pan-Sussex Child Protection and Safeguarding Procedures*.

2. Categories of Abuse

- a) **Emotional abuse** is the persistent emotional maltreatment of a child so that it causes severe and persistent adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone. It may involve:
 - i. making a child feel worthless, unloved or inadequate
 - ii. making a child feel they are there only to meet another's needs
 - iii. inappropriate age or developmental expectations
 - iv. overprotection and limitation of exploration, learning and social interaction
 - v. seeing or hearing the ill treatment of another, e.g., domestic abuse

- vi. making the child feel worthless and unloved - high criticism and low warmth
- vii. serious bullying (including cyber bullying)
- viii. exploitation or corruption

b) **Neglect** is the persistent failure to meet a child's basic physical or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance misuse. Once a child is born, it may involve a parent failing to:

- i. provide adequate food, clothing and shelter, including exclusion from home or abandonment
- ii. protect a child from physical and emotional harm or danger
- iii. ensure adequate supervision, including the use of inadequate care givers
- iv. ensure access to appropriate medical care or treatment
- v. ensure regular school attendance
- vi. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

c) **Physical abuse**

- i. Physical abuse may involve hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating, or otherwise causing physical harm to a child.
- ii. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- iii. Physical abuse is not solely perpetrated by adults. Children can also commit acts of physical abuse.

d) **Sexual abuse** involves forcing or enticing a child or young person under the age of 18 to take part in sexual activities, including prostitution, whether or not the child is aware of what is happening.

- i. Activities may involve physical contact, including penetration of any part of the body, or non-penetrative acts.
- ii. They may include non-contact activities, such as involving children looking at or being involved in the production of sexual images, including on the internet, watching sexual activities, or encouraging children to behave in sexually inappropriate ways.
- iii. Child sexual exploitation is also sexual abuse; it involves children and young people receiving something, for example accommodation, drugs, gifts or affection, as a result of them performing sexual activities, or having others perform sexual activities on them.
- iv. It could take the form of grooming of children, e.g., to take part in sexual activities or to post sexual images of themselves on the internet.
- v. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

3. Specific Safeguarding Issues

a) Staff members need to be aware of specific safeguarding issues and be alert to any risks. The *Pan-Sussex Child Protection and Safeguarding Procedures* has detailed information about specific issues and the local procedures to respond to risks. These include issues such as:

- i. Child Sexual Exploitation
 - ii. Female Genital Mutilation
 - iii. Private Fostering
- b) *Keeping Children Safe in Education (Annex A)* identifies the following specific safeguarding issues and contains additional information about these:
- i. Children and the court system
 - ii. Children missing from education
 - iii. Children with family members in prison
 - iv. Child sexual exploitation
 - v. Child criminal exploitation: county lines
 - vi. Domestic abuse
 - vii. Homelessness
 - viii. Harmful traditional practices including so-called 'honour-based' violence, female genital mutilation (FGM), forced marriage, and practices such as breast ironing
 - ix. Radicalisation
 - x. Peer on peer abuse – bullying and cyberbullying
 - xi. Peer on peer abuse – physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - xii. Peer on peer abuse – initiation/hazing type violence and rituals
 - xiii. Peer on peer abuse – sexting (youth produced sexual imagery)
 - xiv. Peer on peer abuse – sexual violence and sexual harassment
 - xv. Peer on peer abuse – upskirting
 - xvi. Bullying
 - xvii. Drugs
 - xviii. Health and wellbeing
 - xix. Private fostering
- c) *Keeping Children Safe in Education (Part 5)* covers child on child sexual violence and sexual harassment. RMF will follow its guidance on how you should respond to reports of child-on child sexual violence and sexual harassment.
- d) *Keeping Children Safe in Education (Annex C)* contains important additional information about online safety.
- e) The LA Safeguarding Children Partnerships have additional information and guidance on some of these issues at:
- <https://www.bhscp.org.uk/> (Brighton and Hove)
- <https://www.westsussexscp.org.uk> (West Sussex)
- f) **Children Missing from Education**
- i. If children are missing from education, particularly repeatedly, this can act as a vital warning sign of a range of safeguarding possibilities.
 - ii. Early intervention is necessary to identify any underlying safeguarding risk and to help prevent the risks of a child going missing in future.
 - iii. Staff should be aware of RMF's or the relevant school's attendance and unauthorised absence from school policy and the LA's children missing from education procedures.

- iv. Our staff will inform the student's parent school on a daily basis.

g) Further Information on Child Sexual Exploitation

- i. Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.
- ii. Child sexual exploitation does not always involve physical contact: it can also occur through the use of technology.
- iii. Child sexual exploitation: can affect any child or young person (male or female) under the age of 18 years, including 16- and 17-year-olds who can legally consent to have sex.
- iv. can still be abuse even if the sexual activity appears consensual;
- v. can include both contact and non-contact sexual activity;
- vi. can take place in person or via technology, or a combination of both;
- vii. can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- viii. may occur without the child or young person's immediate knowledge (e.g., through others copying videos or images they have created and posted on social media);
- ix. can be perpetrated by individuals or groups, males or females, and children or adults.
- x. can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- xi. is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.
- xii. Some of the following signs may be indicators of sexual exploitation in children who:
 - appear with unexplained gifts or new possessions;
 - associate with other young people involved in exploitation;
 - have older boyfriends or girlfriends;
 - suffer from sexually transmitted infections or become pregnant;
 - suffer from changes in emotional well-being;
 - misuse drugs or alcohol;
 - go missing for periods of time or regularly come home late
 - regularly miss education or do not take part in education

h) Further Information on Child Criminal Exploitation

- i. Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks

or gangs who groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns.

- ii. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.
- iii. Like other forms of abuse and exploitation, county lines exploitation:
 - can affect any child or young person (male or female) under 18 years;
 - can affect any vulnerable adult over the age of 18 years;
 - can still be exploitation even if the activity appears consensual;
 - can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
 - can be perpetrated by individuals or groups, males or females, and young people or adults;
 - is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

i) Further Information on Domestic Violence

- i. The cross-government definition of domestic violence and abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality.
- ii. The abuse can encompass, but is not limited to:
 - psychological;
 - physical;
 - sexual;
 - financial
 - emotional
- iii. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

j) Further Information on Homelessness

- i. Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The Homelessness Reduction Act 2017 places a new duty to refer service users for support. The DSL should be aware of contact details of the Local Housing Authority so they can raise concerns at the earliest opportunity.
- ii. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property.

- iii. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, this does not, and should not, replace a referral to the LA's Children's Safeguarding Partnership where a child has been harmed or is at risk of harm.
- iv. In most cases staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16- and 17-year-olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. the LA's Children's Safeguarding Partnership will be the lead agency for these young people and DSL should ensure appropriate referrals are made based on the child's circumstances.

k) Further Information on Female Genital Mutilation (FGM)

- i. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There are a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject. Staff should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with the LA's Children's Safeguarding Partnership.
- ii. Girls who are threatened with, or who have undergone FGM may withdraw from education, restricting their educational and personal development. They may feel unable to go against the wishes of their parents/carers and consequently may suffer emotionally. Staff may become aware of a student because she appears anxious, depressed and emotionally withdrawn. They may be presented with a sudden decline in her performance, aspirations or motivation. There may be occasions when a student comes to educational establishment or college but then absents herself from lessons, possibly spending prolonged periods in the bathroom.
- iii. Students who fear they may be at risk of FGM can often come to the attention of, or turn to, a teacher or other member of staff before seeking help from the police or social services. Sometimes the student's friends report it to staff. Teachers, lecturers and other members of staff are in an ideal position to identify and respond to a victim's needs at an early stage.
- iv. Staff should be aware of new mandatory reporting requirements with regards to known cases of female genital mutilation (FGM) which require teachers to personally report to the police cases where they discover that an act of FGM appears to have been carried out. Further details can be found "Keeping Children Safe in Education September 2020 (Annex A)".

l) Further Information on Forced Marriage

- i. A forced marriage is one in which at least one participant does not (or cannot) consent to the marriage and pressure or abuse is used. It is recognised in the UK as a serious abuse of human rights.

- ii. The pressure put on people to marry against their will can be physical, including threats of violence, actual physical violence and sexual violence or emotional and psychological (e.g., shame and coercion). Financial abuse can also be a factor.
- iii. Whilst it is unlikely that primary-age students will be the victims of forced marriage, they may disclose that older siblings or parents are at risk.

m) Further Information on Preventing Radicalisation

- i. The Counter Terrorism and Security Act came into force on 1 July 2015. It places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). The Prevent duty directs inspectors to examine an educational establishment's response to extremist behaviour when considering the behaviour and safety of students, as well as the effectiveness of the leadership and management of the educational establishment in preventing extremism.
- ii. The Counter Terrorism and Security Act also places a duty on local authorities to ensure Channel panels are in place. The panel must include the local authority and chief officer of the local police. Panels will assess the extent to which identified individuals are vulnerable to being drawn into terrorism, following a referral from the police and where considered appropriate and necessary consent is obtained, arrange for support to be provided to those individuals. The Act will require partners of Channel panels to co-operate with the panel in the carrying out of its functions and with the police in undertaking the initial assessment as to whether a referral is appropriate.
- iii. Educational establishments which are required to have regard to Keeping Children Safe in Education are listed in the Act as partners of the panel.
- iv. The 'Channel' process is about safeguarding children, young people and adults from being drawn into committing terrorist-related activity. It is about early intervention to protect and divert people away from risk before a crime occurs. The "Channel" referring process allows for early intervention and support, including:
 - identifying people at risk of being drawn into terrorism
 - assessing the nature and extent of that risk, and
 - developing the most appropriate support plan for people concerned.
- v. Prevent Awareness. This offers an introduction to the Prevent duty and explains how it aims to safeguard vulnerable people from being radicalised to supporting terrorism or becoming terrorists themselves.
<http://www.elearning.prevent.homeoffice.gov.uk>
- vi. Channel Awareness. This training package is for anyone who may be asked to contribute to, sit on, or even run a Channel Panel. It is aimed at all levels, from a professional asked to input and attend for the first time, to a member of staff new to their role and organising a panel meeting.
<https://www.elearning.prevent.homeoffice.gov.uk/channelawareness>
- vii. The pan-Sussex Prevent describes partner's (including educational establishments) role in the Prevent agenda, which includes:

- Promoting awareness of the Prevent strategy within your organisation and partners, including local risks, roles and responsibilities
 - Ensure colleagues and partners are aware of how to report any potentially relevant information or concerns
 - Promote an understanding amongst colleagues and partners of how to identify indicators of terrorism
 - Promote an understanding amongst colleagues and partners of how to identify potential signs of individual vulnerability to radicalisation
- viii. The Department for Education provides Prevent duty advice for educational establishments and childcare providers at:

<https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

n) Further Information on Sexting and Upskirting

- i. **Sexting** is when someone shares sexual, naked or semi-naked images or videos of themselves or others or sends sexually explicit messages. Sexting among children and young people can be a common occurrence, where they often describe these incidents as ‘mundane’. Children involved in sexting incidents will be dealt with by the police as victims as opposed to perpetrators, unless there are mitigating circumstances. The Designated Safeguarding Lead should record all incidents of sexting. This should include both the actions taken and the actions not taken, together with justifications. School staff must actively avoid viewing any images. School staff should seek to preserve evidence. In applying judgement to the sexting incident consider the following:
- Significant age difference between the sender/receiver involved.
 - If there is any external coercion involved or encouragement beyond the sender/receiver.
 - If you recognise the child as more vulnerable than is usual.
 - If the image is of a severe or extreme nature.
 - If the situation is not isolated and the image has been more widely distributed.
 - If this is not the first time children have been involved in a sexting act.
 - If other knowledge of either the sender or recipient may add cause for concern.
- ii. If these characteristics present cause for concern, then escalate or refer the incident. If not, manage the situation, accordingly, recording details of the incident, action and resolution.
- iii. See “Sexting in Schools and Colleges: Responding to Incidents and Safeguarding Young People” (published by UKCCIS) at

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/759007/6_2939_SP_NCA_Sexting_In_Schools_FINAL_Update_Jan17.pdf

- iv. **Upskirting** is a criminal offence. Upskirting typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.

RMF will adopt the following procedures for inappropriate phone use:

- In addition to the procedures in place for dealing with students who access their phones during classroom activities it is also important that students are aware that any inappropriate use of mobile devices within school or the RMF activity programme will not be tolerated.
- Incidents where devices are used for sending derogatory, abusive or threatening messages or for sending or receiving violent or indecent material will result in the student having to deposit their device at the start of the school day or session and recover it at the end of the day or session.
- The time period for these sanctions will depend on the nature of the incident.
- If such incidents occur during the school day or RMF activity programme, then RMF will take appropriate action and inform the relevant personnel or authorities.

o) Further information on Private Fostering

- i. Parents and carers often fail to notify schools about private fostering arrangements even though they are legally required to notify the LA's Children's Services. Often this is because they are unaware of the requirement. They believe this is a private family arrangement which does not concern anybody else.
- ii. This lack of awareness means that many privately fostered children remain hidden and can be vulnerable, as in the case of Victoria Climbié who was a privately fostered child.
- iii. **Private Fostering definition.** Private fostering occurs when a child under 16 (or 18 if the child is disabled) is cared for and lives with an adult who is **not** a relative for 28 days or more. The following are considered to be relatives: a stepparent (by marriage or civil partnership), grandparent, step grandparent, brother, sister, uncle or aunt.
- iv. Private fostering is a private arrangement made by the parent(s), or those with parental responsibility, for someone to care for their child because they are unable to do so (permanently or temporarily). This may be due to a number of reasons such as parental ill health, a parent going abroad or into prison, a child being brought to the UK to study English or the relationship between the child and parent has broken down.
- v. Staff play an essential role in identifying privately fostered children. If you know a child is being privately fostered, you should advise the parent/carer that they have a legal obligation to report the arrangement to the LA's Children's Services at least six weeks before it happens or within 48 hours if the arrangement has been made in an emergency.
- vi. Alert your DSL who will ensure this is followed up with Children's Services and is assessed, approved and monitored.

4. Recognition of Abuse – What Signs to Look For

- a) Staff members should refer to the detailed information about the categories of abuse and risk indicators in the “Pan-Sussex Child Protection and Safeguarding Procedures” for further guidance.
- b) In an abusive relationship, the child may:
 - i. appear frightened of their parent(s)/carer(s)
 - ii. act in a way that is inappropriate to their age and development, although full account needs to be taken of different patterns of development and different ethnic groups
- c) In an abusive relationship, the parent or carer may:
 - i. persistently avoid child health services and treatment of the child's illnesses
 - ii. have unrealistic expectations of the child
 - iii. frequently complain about or to the child and fail to provide attention or praise
 - iv. be absent
 - v. be misusing substances
 - vi. persistently refuse to allow access on home visits by professionals
 - vii. be involved in domestic violence and abuse
 - viii. be socially isolated
- d) Child Safeguarding Practice Reviews have found that parental substance misuse, domestic abuse and mental health problems, sometimes referred to as the ‘toxic trio’, if they coexist in a family could mean significant risks to children. Problems can be compounded by poverty, frequent house moves or eviction.
- e) Staff should be aware that children with special educational needs and disabilities can face additional safeguarding challenges including:
 - i. assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability
 - ii. children with special educational needs and disabilities are particularly vulnerable to bullying and often show no outward signs
 - iii. communication issues can be a barrier to effective safeguarding.

5. Peer on Peer Abuse – Managing Allegations of Abuse Made Against Other Children

- a) At RMF we strongly believe that all children have a right to attend and learn in a safe environment. Children should be free from harm by adults and other students.
- b) We also recognise that:
 - i. Some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under RMF’s or the relevant school’s Behaviour Policy or Anti-Bullying Policy when appropriate.
 - ii. We are mindful of the need to follow published guidance and to seek advice and support from other professionals when appropriate.

- iii. We will report directly to police when guidance indicates that a criminal offence may have been committed.

c) Safeguarding allegations

- i. It is important to remember that Peer-on-Peer Abuse does not occur in a vacuum. It occurs in a society where there are structures and norms that shape young people's views, experiences and behaviours, as well as responses to them. Consequently, there are different issues of gender that will need to be considered when responding to allegations made against students by others in the school or the RMF programme, which are of a safeguarding nature.
- ii. Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation.
- iii. It is likely that to be considered a safeguarding allegation against a student, some of the following features will be found. The allegation:
 - is made against an older student and refers to their behaviour towards a younger student or a more vulnerable student
 - is of a serious nature, possibly including a criminal offence
 - raises risk factors for other students in the school
 - indicates that other students may have been affected by this student
 - indicates that young people outside the school may be affected by this student.
- iv. Examples of safeguarding allegations made against another student could include:
 - Physical Abuse
 - violence, particularly pre-planned
 - forcing others to use drugs or alcohol
 - Emotional Abuse
 - blackmail or extortion
 - threats and intimidation
 - Sexual Abuse
 - indecent exposure, indecent touching or serious sexual assaults
 - forcing others to watch pornography or take part in sexting
 - Sexual Exploitation
 - encouraging other children to attend inappropriate parties
 - photographing or videoing other children performing indecent acts.
- d) In areas where gangs are prevalent, older students may attempt to recruit younger students using any or all of the above methods. Young people suffering from sexual exploitation themselves may be forced to recruit other young people under threat of violence.

e) Minimising the risk of safeguarding concerns towards students from other students

- i. RMF will encourage students' understanding of what is acceptable behaviour and how to keep themselves safe.
- ii. RMF will have systems in place for any student to raise concerns with staff, knowing they will be listened to, believed and valued.
- iii. RMF will deliver targeted work on assertiveness and keeping safe to those students identified as being at risk.
- iv. On occasion, some students will present a safeguarding risk to other students. The school should be informed that the young person raises safeguarding concerns, for example, they are coming back into school following a period in custody or they have experienced serious abuse themselves.
- v. These students will need an individual risk assessment and risk reduction plan to ensure that other students are kept safe and they themselves are not laid open to malicious allegations. There is a need to balance the tension between privacy and safeguarding.

f) What to do

- i. The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting abuse. Nor should a victim ever be made to feel ashamed for making a report.
- ii. If staff have a concern about a child or a child makes a report to them, they should follow RMF's safeguarding referral process. As is always the case, if staff are in any doubt as to what to do, they should speak to RMF's DSL.
- iii. The DSL should make a referral to the LA's Safeguarding Children Partnership, as appropriate. If the allegation indicates a potential criminal offence has taken place, the Police should be contacted at the earliest opportunity and advice sought from them on appropriate follow-up.
- iv. Unless other professionals advise otherwise RMF will inform parents (of both the student being complained about and the alleged victim).

g) Risk and Needs Assessment

- i. RMF will follow Department for Education guidance and put in place a risk assessment and risk reduction plans for all children/young people affected by a report of peer-on-peer abuse.
- ii. The plans should include how the children/young people will be supported. Wherever possible, this plan will be established in collaboration with the child/young person, their parents/carers and other professionals.
- iii. The plan will be shared with the child/young person and their parents/carers and will be reviewed regularly.

6. What Action to Take If You Have Concerns About A Child

a) Safeguarding is everyone's responsibility, if you are worried about a child it is important that you report your concerns – no action is not an option.

b) Action by RMF Staff Members:

- i. This applies to any member of RMF staff, trustees, volunteers, contractors or activity providers.
- ii. Discuss your concerns with RMF's Designated Safeguarding Lead (DSL) as soon as possible, before the child leaves for the day. It is important that the child is not sent home without taking the right protective action.
- iii. Record concerns and assign them to the DSL.
- iv. If RMF's DSL or their deputy is not available, you should contact the Local Authority's Children's Safeguarding Partnership, and immediately inform RMF's DSL about what actions you have taken.

c) Action by RMF Designated Safeguarding Lead (DSL)

- i. If you are concerned that **the child is at risk of significant harm**, contact the Local Authority's Children's Safeguarding Partnership immediately.
- ii. If you believe that the child is **in immediate danger, or you suspect a crime has been committed**, you must also contact the Police immediately.
- iii. If you believe the child is **not at risk of significant harm, but the child or their family may need support** then you must:
 - Discuss your concerns with the parents/carers (and child if appropriate).
 - Discuss your concerns with senior colleagues in another agency, if necessary.
 - If your consultation results in the decision that the child and family are in need of help (e.g., Level 2 or 3 of the Brighton & Hove Threshold Document), provide additional support in school and/or refer the child or their family to other agencies providing **Early Help services**.
- iv. Record all your consultations and decision-making and update the staff member who contacted you originally. Update the chronology and add referral letters and forms to the child's file; create a stand-alone confidential file, if one does not exist. Continue to update the file, as work progresses.

7. Dealing with a Disclosure Made by a Child – Advice for All Staff

a) If a child discloses that he or she has been abused in some way, the member of staff or volunteer should follow this guidance:

- i. Listen to what is being said without displaying shock or disbelief.
- ii. Only ask questions when necessary to clarify, and without suggesting what the answer might be.
- iii. Accept what is being said.
- iv. Allow the child to talk freely – do not put words in the child's mouth.
- v. Reassure the child that what has happened is not his or her fault.
- vi. Do not make promises that you may not be able to keep.

- vii. Do not promise confidentiality – it may be necessary to refer the child to Children’s Social Care Services.
 - viii. Stress that it was the right thing to tell.
 - ix. Do not criticise the alleged perpetrator.
 - x. Explain what has to be done next and who has to be told.
 - xi. Inform RMF’S Designated Safeguarding Lead (DSL) without delay.
 - xii. Complete a child protection incident/welfare concern form and pass it to DSL.
- b) Dealing with safeguarding issues can be stressful. Consider seeking support for yourself and discuss this with RMF’s DSL.

8. Discussing Concerns with the Family or Child – Advice for DSL

- a) In general, you should always discuss any concerns RMF may have with the child’s parents/carers. They need to know that you are worried about their child. However, you should not discuss your concerns if you believe that this would place the child at greater risk or lead to loss of evidence for a police investigation.
- b) If you make a decision not to discuss your concerns with the child’s parents or carers this must be recorded in the child’s child protection file with a full explanation for your decision.
- c) **It is important to consider the child’s wishes and feelings**, if age appropriate, as part of planning what action to take in relation to concerns about their welfare.
- d) When talking to children, you should take account of their age, understanding and preferred language, which may not be English. It is also important to consider how a disabled child may need support in communicating.
- e) How you talk to a child will also depend on the substance and seriousness of the concerns. You may need to seek advice from the LA’s Safeguarding Children Partnership or the Police to ensure that neither the safety of the child nor any subsequent investigation is jeopardised.
- f) If concerns have arisen as a result of information given by a child, it is important to reassure the child but not to promise confidentiality.
- g) **It is expected that you discuss your concerns with the parents/carers before making a referral to the LA’s Safeguarding Children Partnership, unless you consider this would place the child at increased risk of significant harm.** Parents/carers will ultimately be made aware of which organisation made a referral.

9. Early Help for Children and Families

- a) Most parents/carers can look after their children without the need of help other than from their family or friends. However, some parents/carers may need additional help from school or other services such as the NHS. Providing help early is more effective in promoting the welfare of children than reacting later.
- b) RMF will work together with other agencies to provide a coordinated offer of early help to any child who needs it, in line with Working Together to Safeguard Children September 2020, and local guidance.
- c) Early Help support is accessed by making a referral to the LA’s Safeguarding Children Partnership. Consent for this will need to be gained from the family first.

10. Local Authority (LA) Responses to Concerns About A Child

- a) Once the LA's Safeguarding Children Partnership services has accepted a referral as needing a social-care-led response (Level 4 of the Threshold Document), a senior social work practitioner and their manager will evaluate the concerns to identify the sources and levels of risk and to agree what protective action may be necessary.
- b) The evaluation of concerns and risks involve deciding whether:
 - i. the child needs immediate protection and urgent action is necessary; or
 - ii. the child is suffering, or at risk of suffering, significant harm and enquiries need to be made under section 47 of the Children Act 1989; or
 - iii. the child is in need and should be assessed under section 17 of the Children Act 1989.
- c) RMF will cooperate with the LA's Safeguarding Children Partnership and the police in any emergency action they take using their legal powers for immediate protection of the child. This may involve removing the child from their home.
- d)) If invited to do so, RMF will participate in any multi-agency discussions and share information about the child and their family to help plan the response to concerns.
- e) We will share information about the child and their family for section 47 enquiries and family assessments undertaken by LA's Safeguarding Children Partnership.
- f) We will ensure that a relevant staff member participates in any child protection conferences, if we are invited to attend. The staff member will work together with other agencies to discuss the need for and agree to an outcome-focused child protection plan and where the child's wishes, and views are considered in their own right in planning.
- g) We will ensure that we complete any actions allocated to us as part of a child protection plan or a family support plan, in a timely way.

11. Information Sharing and Consent

- a) It is essential that people working with children can confidently share information as part of their day-to-day work. This is necessary not only to safeguard and protect children from harm but also to work together to support families to improve outcomes for all.
- b) RMF may have to share information about parents or carers, such as their medical history, disability or substance misuse issues, for investigations of child abuse carried out by LA's Safeguarding Children Partnership.
- c) We will proactively seek out information as well as sharing it. This means checking with other professionals whether they have information that helps us to be as well informed as possible when working to support children.
- d) The Data Protection Act 1998 and the General Data Protection Regulation are not a barrier to sharing information. It is there to ensure that personal information is managed in a sensible way and that a balance is struck between a person's privacy and public protection.
- e) We should be sharing any concerns we have with parents at an early stage, unless this would put a child at greater risk or compromise an investigation. Parents need to know what our responsibilities are for safeguarding and protecting children and that this involves sharing information about them with other professionals.

- f) All staff must be clear about the purpose of sharing confidential information and only share as much as you need to achieve your purpose.
- g) Staff should get consent from parents (or the child, if they have sufficient understanding) to share information, if possible. However, **you do not need consent if you have serious concerns about a child's safety and well-being.**
- h) **Consent is not necessary** in cases where the LA's Safeguarding Children Partnership are making child protection enquiries under section 47 of the Children Act 1989.
- i) Information needs to be shared with the LA's Safeguarding Children Partnership.; RMF staff members must make sure to record what information has been shared.
- j) Consent is necessary, for:**
 - i. Children's Social Services investigations or assessments of concerns under section 17 of the Children Act 1989. Children's Social Services will assume that we have obtained consent from the parents to share information unless we make them aware that there is a specific issue about consent. This must be discussed with a social worker at the LA's Safeguarding Children Partnership.
 - ii. Early Help Assessments. These assessments are undertaken with the agreement of the child and their parents or carers.
- k) If you are in any doubt about the need for seeking consent, get advice from RMF's Designated Safeguarding Lead.
- l) Keep a record of your decision to share information, with or without consent, and the reasons for it. Remember also that it is just as important to keep a record of why you decided not to share information as why you did so.

12. Record Keeping

- a) Good record keeping is an important part of RMF's accountability to children and their families, and it will help us in meeting our key responsibility to respond appropriately to welfare concerns about children.
- b) Records should be factual, accurate, relevant, up to date and auditable. Where opinions are included this must be made clear. Where people are referred to, they should be identified clearly by role. Records should support monitoring, risk assessment and planning for children, and they must enable informed and timely decisions about appropriate action to take.
- c) RMF's Designated Safeguarding Lead will ensure that records are maintained appropriately for children with safeguarding concerns and that stand-alone files are created and maintained in line with requirements of the above guidance.

13. Professional Challenge and Disagreements

- a) Working with children and families, and in particular child protection work, is stressful and complex, as well as involving uncertainty and strong feelings. To ensure that the best decisions are made for children, we need to be able to challenge one another's practice.
- b) We will promote a culture within RMF that enables all staff members to raise, without fear of repercussions, any concerns they may have about the management of child protection in the Organisation. This may include raising concerns about decisions, action and inaction by colleagues about individual children. If necessary, staff members will speak with the Designated Safeguarding

Lead (DSL), the CEO, the Chair of Trustees or with the LA's Safeguarding Officer (LADO).

- c) Cooperation across agencies is crucial; professionals need to work together, using their skills and experience, to make a robust contribution to safeguarding children and promoting their welfare within the framework of discussions, meetings, conferences and case management.
- d) If there are any professional disagreements with practitioners from other agencies, RMF's Designated Safeguarding Lead or the CEO will raise concerns with the relevant agency's safeguarding lead in line with guidance in the *Pan-Sussex Child Protection and Safeguarding Procedures*.

14. Safer Recruitment Procedures

- a) RMF has robust recruitment and vetting procedures to help prevent unsuitable people from working with children, which are in line with those stipulated within *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2020* and also by the Football Association (FA).
- b) Our job advertisements and application packs make explicit reference to RMF's commitment to safeguarding children, including compliance with disclosure and barring regulations and clear statements in the job description and person specification about the staff member's safeguarding responsibilities.
- c) All staff members including volunteers, who have contact with children will have appropriate pre-employment checks in line with *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2020*.
- d) RMF Trustees are required to have an Enhanced DBS check.
- e) At least one member on every short listing and interview panel, for new staff, will have completed safer recruitment training.
- f) The CEO and the nominated Trustee for child protection are responsible for ensuring that RMF's single central **record of pre-employment checks** is accurate and up to date.

15. Education and Childcare During Coronavirus

For the latest regulation and guidance relating to education and childcare during lockdown and the Coronavirus (COVID-19) outbreak, visit the Government website:

<https://www.gov.uk/coronavirus/education-and-childcare?priority-taxon=774cee22-d896-44c1-a611-e3109c8eae>

16. Safeguarding and Remote Education During Coronavirus

- a) For hosting and joining video-conferencing calls the following general rules apply:
 - i. Be clear about why you are having to make a video conferencing call.
 - ii. Ensure there is an audit trail and are you aware of RMF's disclosure policies.
 - iii. Ensure you have parental agreement if the call includes children.
 - iv. If children are involved there should wherever possible be two members of staff. If not, only Heads of Department should be on the call
 - v. Only in exceptional circumstances should the call be done from a member of staff's home and always be mindful of your surroundings and what is on view
 - vi. Do not make the calls public. Connect directly to the people you want to call using your contacts/address book or provide private links to the individual

contacts. For some video conferencing services, you can set up the call so that a password is required in order to join. This adds another layer of protection. Do not post the link (or the password) publicly.

- vii. Know who is joining your call. If you are organising the call consider using the lobby feature to ensure you know who has arrived. This is especially useful if individuals are joining the call via an unrecognised phone number. Make sure people are who they say they are before they join the call (the password function described above can help with this).
 - viii. Consider your surroundings. Take a moment to think about what your camera shows when you're on a call. Would you want to share that information with strangers? Consider blurring or changing your background - you'll find instructions on how to do this on the support website for your video conferencing service.
- b) For further guidance on following safeguarding procedures when planning remote education strategies and teaching remotely during the Coronavirus (COVID-19) outbreak, visit the Government website:

<https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19?priority-taxon=b350e61d-1db9-4cc2-bb44-fab02882ac25#communicating-with-parents-carers-and-pupils>

Appendix C –

Procedure for Managing Allegations of Abuse Made Against RMF Staff, Supply Staff or Volunteers

A. Overview of Procedure

1. RMF takes seriously all allegations of abuse made against staff members, including volunteers, supply and will investigate them in line with the statutory guidance, *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2020* and the *Pan- Sussex Child Protection and Safeguarding Procedures*.
2. The process described below is a summary of the procedure described in the above documents. The Case Manager for the investigation should refer to them for details.
3. The procedure applies to all adults working in RMF or providing a service on behalf of RMF to our students either within or outside RMF venues or premises, i.e., all permanent, temporary and ancillary staff, trustees, volunteers, contractors and external service or activity providers (collectively referred to as staff or staff members in this procedure).
4. Information about RMF's procedure for managing allegations, including any updates, will be shared with the employers of all staff working for RMF but not directly employed by RMF (e.g., supply agencies). Where allegations are made against such staff, RMF will liaise with their employer.
5. The allegations management procedure will be used in all cases where it is alleged that a staff member, has:
 - a) behaved in a way that has harmed a child, or may have harmed a child; or
 - b) possibly committed a criminal offence against or related to a child; or
 - c) behaved towards a child or children in a way that indicates that they would pose a risk of harm if they worked regularly or closely with children.
6. Allegations may arise in a number of ways, for example a report from a child, a complaint from a parent/carer, or a concern raised by another adult within RMF. An allegation may concern someone's behaviour or actions within their job or a voluntary activity, or within their family or private life.
7. Any concerns will be considered in the context of the four types of abuse
8. Concerns include inappropriate relationships between adults and children. For example:
 - a) a sexual relationship between a child under 18 and an adult in a position of trust with them, even if the relationship may appear to be consensual; or
 - b) grooming, i.e., meeting a child under 16 with intent to commit a relevant offence (section 15 of the Sexual Offences Act 2003); or
 - c) other behaviour that gives rise to concerns, such as possession of abusive images of children or inappropriate contact through texts or online, inappropriate messages, gifts or socialising with children.

9. If an allegation or concern arises about a staff member outside of their work with children, and this may present a risk to children for whom the staff member is responsible, the general principles outlined in these procedures will still apply.

B. Roles and Responsibilities

1. Who to Report Concerns to?

- a) Anyone who has concerns about, or has received an allegation about, the behaviour of a RMF staff member needs to **report the concerns immediately to the CEO. In the absence of the CEO, or if the CEO is the subject of the allegation, concerns must be reported to the Chair of Trustees. If both the CEO and the Chair of Trustees are absent, the allegation needs to be reported to the Local Authority Designated Officer (LADO).**
- b) **The CEO** will act as the Case Manager for investigations of allegations and liaise with the LADO.
- c) **The Chair of Trustees** will act as the Case Manager, if the allegation is made against the CEO.
- d) **The LADO** is involved in the overall management and oversight of individual cases. They will provide advice and guidance to the Case Manager, liaise with the police and other agencies and monitor the progress of cases to ensure that they are dealt with as quickly as possible, consistent with a thorough and fair process.

2. Initial Action by the Person Noticing Concerns or Receiving an Allegation First

- a) Treat the matter seriously and keep an open mind.
- b) Do not make assumptions or offer alternative explanations.
- c) Do not investigate or ask leading questions, if seeking clarification.
- d) Do not promise confidentiality but give assurance that the information will only be shared on a need-to-know basis.
- e) Act quickly.
- f) Make a written record of the information. Where possible, record the exact words of the person making the allegation or the child's own words.
- g) Record the time, date and place and names of people present when the allegation was made or concerning behaviour was observed.
- h) Record the time, date and place of alleged incidents, persons present and what was said, if these were mentioned by the person making the allegation.
- i) Sign and date the written record.
- j) Immediately report the matter to the CEO or the Chair of Trustees (see above) and give them the written record.

3. Initial Response by the Case Manager

- a) Do not investigate the matter immediately or interview the staff member or the child concerned.

- b) Obtain written details of the concern or allegation, signed and dated by the person reporting it. Countersign and date the written details and record the decisions made and the reasons for those decisions.
- c) Contact the LADO immediately to report the allegation and arrange a consultation. The allegation must be reported within one day at the most.
- d) If the allegation requires immediate attention but is received out of hours, contact the LA's Safeguarding Children Partnership team or contact the police and inform the LADO as soon as possible.
- e) Refer allegations against a staff member who is no longer working for RMF to the police in the first instance and then inform the LADO.

4. Initial Consideration of the Allegation by the Case Manager and LADO

- a) The Case Manager and the LADO will consider the nature, content and context of the allegation and agree a course of action, including whether further information is needed.
- b) The Case Manager may need to obtain relevant additional information, e.g.:
 - previous history, whether the child or their family have made similar allegations in the past
 - the staff member's current contact with children.
- c) If the allegation is not demonstrably false and there is cause to suspect that a child is suffering or likely to suffer significant harm, the LADO will refer the case to the LA's Safeguarding Children Partnership and ask them to convene a strategy discussion.
- d) The LADO will consult the police if a criminal offence may have been committed.
- e) If the threshold for significant harm is not reached but a police investigation may be needed, the LADO will immediately inform the police.
- f) If an investigation by the LA's Safeguarding Children Partnership or the police is not necessary, the Case Manager and the LADO will discuss the options open to RMF depending on the nature of the allegation and the evidence available. This will range from taking no further action to dismissal or a decision not to use the staff member's services in the future.
- g) If the initial evaluation leads to no further action against the staff member concerned, the decision and justification should be recorded by both the Case Manager and the LADO. Agreement should be reached on what information should be put in writing to the individual and what action should follow, including informing the person who made the allegation originally.

5. Persons to be Notified

- a) After consultation with the LADO, the Case Manager should inform the accused person about the allegation as soon as possible.
- b) **However, if a strategy discussion is needed, or the police or the LA's Safeguarding Children Partnership need to be involved, the Case Manager should not inform the accused person until those agencies have been consulted and have agreed what information can be disclosed to the individual.**
- c) In principle, the Case Manager should inform the parents or carers of the children involved about the allegation. The LADO should be consulted first to

ensure that this will not impede any investigation or disciplinary process. In some cases, the parents or carers may need to be informed right away, e.g., if a child is injured and needs medical attention.

- d) The parents or carers and the child, if sufficiently mature, should be helped to understand the process and kept informed about the progress of the case and the outcome if no criminal prosecution will take place.

6. Confidentiality

- a) Every effort should be made to maintain confidentiality and guard against publicity while an allegation is being investigated. Information should be restricted to only those who need to know in order to protect the children concerned, carry out the investigation and manage the disciplinary process.
- b) The Education Act 2011 introduced reporting restrictions preventing the publication of any material that may lead to the identification of a teacher who has been accused by, or on behalf of, a student from the same school.
- c) Reporting restrictions apply until the point that the accused person is charged with an offence, or until the Secretary of State publishes information about the investigation or decision from the disciplinary process. Reporting restrictions also cease if the accused person goes public themselves, thereby waiving their right to anonymity.
- d) Breaching reporting restrictions is a criminal offence. Therefore, the Case Manager should inform the parents or carers concerned about the implications of publishing details of the allegation on social networking sites. They should be advised to seek legal advice, if they wish to apply to court for removal of reporting restrictions.
- e) The Case Manager should discuss with the LADO how best to manage speculation, leaks and gossip within the organisation and the community at large, and press interest, if it arises.

7. Supporting People

- a) RMF, the school, together with the LA's Safeguarding Children Partnership and the police, if they are involved, will consider the impact on the child concerned and provide support as appropriate.
- b) The CEO will ensure that the child and family are kept informed of the progress of the investigation.
- c) The staff member who is the subject of the allegation will be advised to contact their union, professional association or a colleague for support.
- d) Personnel services will be consulted at the earliest opportunity to ensure that the staff member is provided with appropriate support, if necessary, through occupational health or welfare arrangements.
- e) The CEO will appoint a named representative to keep the staff member updated on the progress of the investigation; this will continue during any police or section 47 investigation or disciplinary investigation.

8. Managing Risk During the Investigation

- a) The perceived level of risk during the investigation needs to be considered and managed. In some situations, the level of risk may require the staff member not to be working with specific children or all children in the organisation until the investigation is completed.

- b) There are several options open to the employer, including:
 - i. redeployment so as not to come into direct contact with one or more children; or
 - ii. refraining (agreeing that the person will not work with children during the investigation); or
 - iii. suspension.
- c) Refraining and suspension should be considered as neutral acts and should not be automatic. Suspension should be considered only in cases where there is cause to believe children in the school or RMF are at risk of harm or the allegation is so serious that it might be grounds for dismissal.
- d) Decisions about risk are best made in a multi-agency forum such as the strategy discussion. The LADO will canvass the views of the agencies participating and inform the Case Manager. However, only the employer has the power to refrain or suspend.
- e) Possible risks to the children involved and any children in the accused staff member's home, work or community life will be evaluated and managed.

9. Timescales

- a) Cases will be resolved as quickly as possible, consistent with a thorough and fair investigation.
- b) It is expected that the majority of cases should be resolved within one month and all but the most exceptional cases should be resolved within 12 months.
- c) However, the timing will depend on the nature, seriousness and complexity of the case and the right outcome is far more important than meeting timescales.
- d) Cases where it is immediately apparent that the allegation is unsubstantiated or malicious should be resolved within one week.
- e) RMF should discuss the timing of actions with the LADO for all allegations that do not require police involvement but for which there are child protection concerns.
- f) If the nature of the allegation does not require formal disciplinary action, RMF should start appropriate action within three working days.
- g) If a disciplinary hearing is required and can be held without further investigation, the hearing should be held within 15 working days.

10. Resignations and Compromise Agreements

- a) The allegation will be investigated according to procedure, even if the accused staff member resigns or ceases to provide their services.
- b) Every effort will be made to reach a conclusion to the case should the staff member refuse to cooperate, having been given a full opportunity to answer the allegation and make representation.
- c) Although it would not be possible to apply disciplinary sanctions if the period of notice expires before the conclusion of the investigation, the outcome of the disciplinary process will be recorded.
- d) RMF will not use 'compromise/settlement agreements', for example where the staff member agrees to resign provided that disciplinary action is not taken and that a future reference is agreed.

11. Outcomes of Investigations of Allegations

- a) **Substantiated** – there is sufficient evidence to prove the allegation.
- b) **Malicious** – there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive.
- c) **False** – there is sufficient evidence to disprove the allegation.
- d) **Unsubstantiated** – there is insufficient evidence to either prove or disprove the allegation. The term, therefore, does not imply guilt or innocence.

12. Disciplinary or Suitability Process and Investigations

- a) The LADO and the Case Manager will discuss whether disciplinary action is appropriate in all cases where:
 - i. it is clear at the outset, or decided by a strategy discussion, that a police investigation or section 47 enquiry is not necessary; or
 - ii. the police or the Crown Prosecution Service informs that the criminal investigation and subsequent trial are complete, or that an investigation is to be closed without charge, or prosecution is discontinued.
- b) The discussion will consider any potential misconduct or gross misconduct by the staff member, and take into account:
 - i. the information provided by the police and the LA's Safeguarding Children Partnership;
 - ii. the result of any investigation or trial; and
 - iii. the different standards of proof in disciplinary and criminal proceedings.
- c) In the case of supply, contract or volunteer workers, the LADO and the Case Manager will work with the providing agency in deciding whether to continue using the person's services or whether they can provide future work with children or whether to report them for barring considerations.

13. Record Keeping

- a) The Case Manager will keep a clear and comprehensive summary of the case record and provide a copy to the accused staff member. A copy of the record should also be given to the LADO.
- b) The record will include details of how the allegation was investigated and resolved and the decisions reached. It will be completed in collaboration with the LADO.
- c) Details of allegations that are found to be malicious will be removed from personnel records.
- d) In the case of all other allegations, the summary will be placed in the staff member's personnel file and kept until the person reaches retirement age or for a period of 10 years from the date of the allegation, if that is longer.

14. References

- a) If the allegation was proven to be malicious, false or unsubstantiated, it will not be included in any references for the staff member.
- b) A history of repeated concerns or allegations which have all been found to be malicious, false or unsubstantiated will also not be included in any references.

15. Informing the Disclosure and Barring Service (DBS)

- a) If the allegation is substantiated and the person is dismissed or RMF ceases to use the person's services, or the person resigns or ceases to provide their services the LADO will discuss with the Case Manager whether RMF will refer the staff member to the DBS, and, in the case of a teacher to the National College for Teaching and Leadership (NCTL), or in the case of sports coach to the relevant sport's governing body (e.g., the FA for football).
- b) **It is a legal requirement for schools to refer to the DBS anyone: who has harmed, or is likely to harm, or poses a risk of harm to a child; or if there is reason to believe that they have committed one of a number of listed offences (as set out in the Safeguarding Vulnerable Groups Act 2006 Prescribed Criteria and Miscellaneous Provisions Regulations 2009) and have been removed from working in paid or unpaid regulated activity or would have been removed had they not left.**

Appendix D –

Other Linked RMF Policies

1. RMF Policies are reviewed and updated regularly.
2. RMF's other linked policies are available on the RMF website
www.russellmartinfoundation.co.uk

Or

By email from info@rmfoundation.co.uk

3. They include:
 - Additional Student Support Policy
 - Behaviour Management Policy and Procedure
 - Complaints Policy and Procedure
 - Equalities Policy
 - Health and Safety Policy
 - Recruitment and Selection Policy and Procedures
 - Whistleblowing Policy

Appendix E –

Relevant Local and National Statutory and Non-Statutory Guidance

A. Local Guidance

1. RMF's Designated Safeguarding Lead and Welfare Officer – Donna Cox

Email: donna.cox@rmfoundation.co.uk Phone: 01273 591364

2. Sussex County Football Association's Welfare Officer - Sandra Redhead

Email: sandra.redhead@sussexfa.com Phone: 01903 766855

3. Front Door for Families (Brighton & Hove)

Contact Front Door for Families online (to make a referral).

<https://www.brighton-hove.gov.uk/content/children-and-education/front-door-families>

4. Brighton & Hove Safeguarding Children Board

Brighton & Hove Safeguarding Children Board brings together local agencies that have a shared responsibility for promoting well-being and keeping children in Brighton & Hove safe. It agrees how these different agencies and professional groups should co-operate to safeguard children and has a role in making sure that arrangements work effectively to bring about good outcomes for children.

It also publishes the Brighton & Hove Helping Children and Families Threshold Document. This explains the different levels of support that a family may require. It covers expectations and statutory duties upon all agencies to work together to safeguard children, and to take measures to ensure that all agencies are working to offer Early Help to prevent matters from getting worse for a child or their family.

<https://www.bhscp.org.uk>

5. Pan Sussex Child Protection and Safeguarding Procedures Manual

This manual contains the Sussex Children Protection and Safeguarding Procedures which cover the areas served by the Brighton & Hove, East Sussex and West Sussex Safeguarding Children Boards.

<https://sussexchildprotection.procedures.org.uk>

B. National Guidance

1. Schools: Statutory Guidance

The Department for Education's statutory guidance publications for schools.

<https://www.gov.uk/government/collections/statutory-guidance-schools>

2. Keeping Children Safe in Education

Statutory guidance from the Department for Education issued under Section 175 of the Education Act 2002, the Education (Independent School Standards) Regulations 2014, and the Non-Maintained Special Schools (England) Regulations 2015. Schools and colleges in England must have regard to it when carrying out their duties to safeguard and promote the welfare of children. For the purposes of this guidance children includes everyone under the age of 18.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/912592/Keeping_children_safe_in_education_Sep_2020.pdf

3. Working Together to Safeguard Children

Statutory guidance on inter-agency working to safeguard and promote the welfare of children.

<https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>

4. NSPCC

Research and advice including training about child protection and safeguarding.

<https://www.nspcc.org.uk>

5. What to Do if You're Worried a Child is Being Abused - Advice for Practitioners

This advice is non-statutory and has been produced to help practitioners identify child abuse and neglect and take appropriate action in response. This advice is for anyone whose work brings them into contact with children and families.

<https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2>

6. School Attendance and Absence

Statutory guidance for parents. Regard to this must be taken when carrying out Parenting Contracts, Orders and Penalty Notices.

<https://www.gov.uk/school-attendance-absence>

7. Schools Attendance - Guidance for Schools

Covers registers and attendance codes (including circumstances due to coronavirus) school hours and term dates and improving school attendance.

<https://www.gov.uk/government/publications/school-attendance>

8. Alternative Provision

Statutory guidance for local authorities, as well as headteachers and governing bodies of settings providing **alternative provision**.

<https://www.gov.uk/government/publications/alternative-provision>

9. Behaviour and Discipline in Schools – Advice for School Staff

This guide is from the Department for Education. It provides advice to headteachers and school staff on developing the school behaviour policy and explains the powers members of staff have to discipline pupils. It is for individual schools to develop their own best practice for managing behaviour in their school.

<https://www.gov.uk/government/publications/behaviour-and-discipline-in-schools>

10. School Exclusion

Statutory guidance on the exclusion of pupils from local-authority-maintained schools, academies and pupil referral units.

<https://www.gov.uk/government/publications/school-exclusion>

11. Searching, Screening and Confiscation at School

Guidance explaining the powers schools have to screen and search pupils, and to confiscate items they find.

<https://www.gov.uk/government/publications/searching-screening-and-confiscation>

12. Use of Reasonable Force in Schools

Guidance about the use of physical restraint in schools for governing bodies, headteachers and school staff.

[/https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools](https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools)

13. Drugs: Advice for Schools

Guidance from the Department for Education and the Association of Chief Police Officers. It is non-statutory and has been produced to help answer some common questions raised by school staff in this area, as well as promoting understanding of the relevant powers and duties in relation to powers to search for and confiscate drugs, liaison with the police and with parents, and offering support for pupils.

<https://www.gov.uk/government/publications/drugs-advice-for-schools>

14. Criminal Exploitation of Children: County Lines

Guidance for frontline professionals on dealing with county lines, part of the government's approach to ending gang violence and exploitation.

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

15. Advice to Schools and Colleges on Gangs and Youth Violence

Advice is for leaders, their senior teams and staff in schools or colleges affected by gang or youth violence.

<https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence>

16. Child Sexual Exploitation

Child sexual exploitation: definition and guide for practitioners; potential vulnerabilities and indicators of abuse and appropriate action to take in response.

<https://www.gov.uk/government/publications/child-sexual-exploitation-definition-and-guide-for-practitioners>

17. Multi-Agency Statutory Guidance on Female Genital Mutilation

Multi-agency guidelines on FGM for those with statutory duties to safeguard children and vulnerable adults.

<https://www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation>

18. Supporting Pupils with Medical Conditions at School

Statutory guidance and also non statutory advice about the support that pupils with medical conditions should receive at school.

<https://www.gov.uk/government/publications/supporting-pupils-at-school-with-medical-conditions--3>

19. Controlling Access to School Premises

Non statutory advice by the Department for Education. School premises are private property and parents will generally have permission from the school to be on school premises. However, in cases of non-authorised entry or in cases of abuse or threats to staff, pupils or other parents, schools may ban parents from entering the school.

<https://www.gov.uk/government/publications/controlling-access-to-school-premises>

20. First Aid in Schools

Guidance on first aid provision.

<https://www.gov.uk/government/publications/first-aid-in-schools>

21. Information Sharing

Non -statutory advice for practitioners providing safeguarding services to children, young people, parents and carers. This guidance has been updated to reflect the General Data Protection Regulation (GDPR) and Data Protection Act 2018. The GDPR and Data Protection Act 2018 do not prevent, or limit, the sharing of information for the purposes of keeping children and young people safe

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/721581/Information_sharing_advice_practitioners_safeguarding_service_s.pdf

22. Data Protection: A Toolkit for Schools

Guidance to support schools with data protection activity, including compliance with the General Data Protection Regulation (GDPR). It is important to note that this document provides tips and guidance only. It is intended to support schools draw out areas of risk. It does not constitute formal legal guidance, and as a data controller in its own right, a school is ultimately responsible for its own data protection procedures and compliance with legislation.

<https://www.gov.uk/government/publications/data-protection-toolkit-for-schools>

23. Counselling in Schools

Guidance for schools about setting up and improving counselling services for pupils.

<https://www.gov.uk/government/publications/counselling-in-schools>

24. Mental Health and Behaviour in Schools

Guidance on how schools to support pupils whose mental health problems manifest themselves in behaviour. How to create a whole school culture, including promoting positive mental health, understanding the link between mental health and behaviour, and how to identify children with possible mental health problems

<https://www.gov.uk/government/publications/mental-health-and-behaviour-in-schools-2>

25. Teaching Online Safely in School
