In-Person Covid-19 Protocols

Thrive Center for Success will follow the protocols below for teachers, staff, students, volunteers, and visitors to the campus.

Covid Positive Testing:

The CDC is now recommending that individuals who test positive should isolate for 5 days instead of ten. The 5-day isolation starts on the date symptoms begin or, for those who are asymptomatic, the date a positive test is received. After 5 days, if no symptoms remain, then the student may return to school. If symptoms are still present, the student must remain home. The CDC recommends that individuals returning after 5 days continue to wear a mask for 5 more days. Parents must ensure they do not send a child to school on campus if the child has COVID-19 symptoms or is test-confirmed with COVID-19, until the conditions for re-entry are met.

Face Coverings (Masks)

In compliance with the Governor's Executive Order (GA-36) issued on May 18, 2021 public schools may not require face coverings be worn by staff, students, or visitors to the campus. Face coverings may be worn by individuals that choose to do so.

If Your Child Tests Positive for COVID-19:

Report your positive case to the school by contacting the school nurses at a.burnett@thrivesuccess.org

Employees and Volunteers:

The Thrive Center for Success will require teachers and staff to self-screen for COVID-19 symptoms before coming onto campus each day. The self-screening should include teachers and staff taking their own temperature. Teachers and staff must report to the Thrive Center for Success administration if they themselves have COVID-19 symptoms or are lab-confirmed with COVID-19, and, if so, they must remain off campus until they meet the criteria for re-entry as noted above.

Covid-19 Symptoms:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea / vomiting / diarrhea
