Essential Protect is a synergistic blend of high potency phytonutrients for nutritional support against serious conditions and in the nutritional treatment for eyes.

### PRIMARY USES
- Serious diseases
- Macular degeneration
- Eye diseases
- Vision loss
- Cataract prevention

### QUICK FACTS
- Contains a therapeutic dosage of highly potent phytonutrients
- Neutralizes free radicals and supports healing cellular tissue
- Extremely effective and popular for the nutritional support of eye health
- Curcumin, from the plant turmeric, inhibits all known markers of inflammation, including those connected with eye diseases.
- Researchers say the compounds responsible for many of the health benefits of green tea are capable of penetrating the tissues of the eyes and have antioxidant activity there.

- Lycopene is packed full of carotenoids, which help prevent light-induced damage to areas of the eye like the retina.

### WHY THIS SUPPLEMENT?
Your doctor has placed you in good hands. Optimal Health Systems cares about patients, too, which is why we create supplements that contain nutrients ONLY from whole foods. Because of this, you won’t have the same concerns as with synthetics. They are lab-tested and have a wealth of evidence to back our claims, along with patents.

### WHAT SETS US APART?
There are plenty of whole food supplements out there, but only Optimal Health Systems takes it a step further with its pre-digestion process we call **Opti-Blend™**. It utilizes a combination of 10 kosher-certified, non-GMO enzymes, and patented organic minerals to pre-digest every nutrient before encapsulating. **Opti-Blend™** ensures delivery at the cellular level and up to a 300% increase in absorption.
