

**OPTIMAL-BONEPLUS™**

**CALCIUM™**

A bone-healthy blend of the most absorbable form of calcium, along with an all-natural ingredient called Ipriflavone which promotes bone formation and strength.

**QUICK INGREDIENT FACTS**

- Contains the only patented form of calcium: amino acid chelated calcium (means it's organic).
- Absorbed 200% more than other calciums.
- Safest and most effective calcium on the market.

**MORE INFO**

Called a "silent killer", osteoporosis is on the rise with over 40,000 women dying from related fractures each year. Healing from bone bruises or fractures is improved with calcium and ipriflavone.

1 in 8 men and 1 in 2 women will sustain a fracture because of it, with 24% of those being crippling.

Taking Tums™ or other common forms of calcium can be ineffective, harmful, and most times doesn't promote bone health.

**Optimal-BONEPLUS™**

**WHY THIS SUPPLEMENT?**

Your doctor has placed you in good hands. Optimal Health Systems cares about patients, too, which is why we create supplements that contain nutrients ONLY from whole foods. Because of this, you won't have the same concerns as with synthetics. They are lab-tested and have a wealth of evidence to back our claims, along with patents.

**WHAT SETS US APART?**

There are plenty of whole food supplements out there, but only Optimal Health Systems takes it a step further with its patented predigestion process we call **Opti-Blend™**. It utilizes a combination of 10 kosher-certified, non-GMO enzymes, and patented organic minerals to predigest every nutrient before encapsulating. **Opti-Blend™** ensures delivery at the cellular level and up to a 300% increase in absorption.

**Supplement Facts** **Serving Size: 6 Capsules**  
**Servings Per Container 15**

Amount Per Serving		% Daily Value
<b>Calcium</b> (as AAC Bisglycinate)†	1000 mg	76.9%
