Optimal Zinc-Oxy Spray™

Zinc-Oxy Spray offers nutritional support for immediate nasal relief and viral protection in a spray!

**SUGGESTED NUTRITIONAL SUPPORT USES:**
- Aid in restoration of smell
- Aid in restoration of taste
- Viral infections
- Boost oxygen intake
- Helps soothe dry nose membranes
- Maintains concentration for years
- Allergy relief

**QUICK FACTS:**
This is our strongest immediate relief formula for nasal and lung nutritional support. Organic Ionic Zinc helps the immune system fight off invading bacteria and viruses. Research shows that zinc helps control infections by gently tapping the brakes on the immune response in a way that prevents out-of-control inflammation. Optimal Zinc-Oxy Spray creates a richly oxygenated environment pathogens can’t survive in. A saline wash helps flush pollen, dust, and other debris from your nasal passages. It also helps remove excess mucus and adds moisture, providing relief from itchiness and inflammation. This can help prevent sinus infections.*

**ACTIVE INGREDIENT:**
Sodium Chloride (Sea Salt) 0.65%

**OTHER INGREDIENTS:**
Purified Water, Plant-Derived Zinc, ASO® (Activated Stabilized Oxygen)

**DIRECTIONS:**
Shake well and remove safety band. With head upright, insert nozzle in nostril and spray 1-3 times, as needed. Repeat as necessary.

**DO NOT USE**
if neckband is broken or missing.

**NET WT. 2 FL OZ. (60 mL)**

Optimal Health Systems cares about patients, too, which is why we create supplements that contain nutrients ONLY from whole foods. Because of this, you won’t have the same concerns as with synthetics. They are lab-tested and have a wealth of evidence to back our claims, along with patents.*

**WHAT SETS US APART?**
There are plenty of whole food supplements out there, but only Optimal Health Systems takes it a step further with it’s patented predigestion process we call Opti-Blend™. It utilizes a combination of 10 kosher-certified, non-GMO enzymes, and patented organic minerals to predigest every nutrient before encapsulating. Opti-Blend™ ensures delivery at the cellular level and up to a 300% increase in absorption.*
