

ZHS820

8mm perforation holes

Percentage uncovered with ZHS820 pattern on a 2400mm x 1200mm size is 20%.
NRC Rating is predicted based on Acoustic Blanket 20-100 being installed behind the panel.
(If there is a cavity above the acoustic blanket, the NRC increases.)

This pattern can be used on any of Zenthe's panels.
Pattern may alter for different sheet sizes.

ESTIMATED NRC		
PANEL THICKNESS	12mm	0.95
	18mm	0.90

ACTUAL SIZE WHEN PRINTED A4
