“ It’s past time for politicians to **do their job** and pass meaningful gun control legislation. As a U.S. Army veteran, parent, and the only **2022 Moms Demand Action Gun Sense Candidate** in this race, I will not rest until we protect innocent lives.”

DEMOCRAT FOR CONGRESS

The experience to fight for us on the issues that matter.

Veteran. Councilmember. Former Mayor.
Business Executive. Nonprofit Leader. Parent.

Raised The Minimum Wage

As Mayor, Emily built a coalition to raise the minimum wage in Burlingame in the face of strong opposition. She founded the Burlingame Collaborative to address hunger, business struggles, and isolation during the pandemic. In Congress, she'll work tirelessly to improve affordability and combat inflation.

Protected Our Shoreline

Emily successfully protected nine acres of Bayfront open space, and expanded investment in public transit, bike lanes and parks. In Congress, she'll deliver sustainable infrastructure to protect against wildfires, sea level rise, and floods.

Secured Funding For Public Schools

As an education non profit leader, Emily increased local funding for public schools and expanded need-based preschool scholarships. As a parent, she knows firsthand the pandemic's impact on students' academic and mental health, and will fight in Congress to address this crisis facing our students and families.

Protecting A Woman's Right To Choose

As the only woman running in this race, Emily understands what is at stake for women in our country and this district. Women must maintain control over their own bodies, and Emily won't stop until Roe v. Wade becomes law.
