HOW IT’S IMPLEMENTED

+ Used a combination of both physical and digital purpose toolkits.
+ In 2021, Wayfinder will be used network wide by 1,000+ 11th graders and 1,000+ 12th graders at all 13 schools.
+ There was lots of engagement from the Juniors
+ Students gained a deeper understanding of their differences but also identified their commonalities.
+ Students became more confident talking about their perspectives and lives.
+ It was easy to facilitate for teachers.
+ The materials are very useful.
+ We walked away feeling very happy with the impact of Wayfinder.

HOW WOULD YOU DESCRIBE WAYFINDER?

“As a teacher, the teacher toolkit, slides for teachers, and scripts gave me confidence in the classroom to share the material. Seeing the research in the teacher toolkit really helped. It makes you feel like it will work for you.”

Stephen Holcomb

“WAYFINDER ALLOWS STUDENTS TO BETTER UNDERSTAND EACH OTHER.”

Stephen Holcomb
