---

FOR A/AS LEVELS AND GCSES FOR SUMMER 2021

## Centre Policy for determining teacher assessed grades in Summer 2021

### Background

Every centre is required to create a Centre Policy that reflects its individual circumstances. It is anticipated that you may choose to adopt this pre-populated template in full. Or you may choose to make amendments – adding or deleting material – to reflect your own practices. In any case, centres must understand and actively implement the centre policy adopted, although this template is provided for information and does not constitute legal advice.

The template is written with a minimal amount of content in [brackets] that can be deleted, and material in CAPITAL LETTERS that should be added, if the content is retained as part of your policy.

Your policy must take account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage with training and support that have been provided by the Joint Council for Qualifications and the awarding organisations.*
- *A record or list of training undertaken and completed will be kept by each teacher signed off and collated by the exams officer.*

### Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *If necessary, we will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence from after 24<sup>th</sup> March used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. Other historic evidence may be available.*

*The types of evidence will draw from the following list below:*

- *Student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *Non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *Student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *Substantial class or homework (including work that took place during remote learning).*
- *Internal tests taken by pupils.*
- *Mock exams taken over the course of study.*
- *Records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*
- *Records of each student's standard of work over the course of study*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

*When it is appropriate, we will encourage the use of the additional assessment materials provided by the awarding organisations:*

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- *Departments will use the assessment evidence form as produced by JCQ (or equivalent form with the same information) to indicate evidence is being used, which assessment objectives it assesses (or partially assesses) and the Level of Control. An additional column will indicate where the evidence is stored.*
- *Before final grades are submitted the evidence that will be used to determine the final grade will be shared with students. Students will have the opportunity to raise any concerns about the evidence being used. Students will be asked to sign that the evidence used is their own work.*
- *Subject Leaders will ensure that preparation for summer term assessments is consistent across a qualification unless there are specific reasons for different approaches*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will assess the student's ability across a reasonable range of subject content, reflecting where possible, all assessment objectives that have been taught as set out in the qualification specifications.*
- *Our teachers will produce an Assessment Record (usually known as an assessment tracker) for each subject cohort and will share this with their Subject Leader. Any necessary variations for individual students will also be shared.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In addition, teachers must read and understand pages 20-26 of the JCQ. Document "Guidance on grading for teachers, read the OFQUAL guidance "Information for heads of centre, heads of department and teachers on the submission of teacher assessed grades summer 2021. Teachers must also read p46 a-47 of the JCQ guidance on Malpractice.*
- *A declaration that documents have been read, understood and acted upon will be collected from each teacher together with the declarations of training completed*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *This will include checks in department meetings that marking of assessments has been consistent*
- *In subjects where the same qualification is being taught across the trust , there will be additional checks to confirm evidence is being used to properly determine a grade*
- *We will ensure that all teachers are provided with appropriate support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across the grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *The SLT link to each department will check that the consistent approach and internal standardisation occurs through and at the end of the process. They will also check the evidence for a sample of students for each qualification.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff either within the centre or from across the Trust.*
- *We will consider the range of evidence for some students of different protected characteristics within our internal moderation.*

- *The Head of department Checklist/ declaration (produced by the JCQ) will be signed by the Subject Leader and a second teacher (or by the appropriate member of staff where only one teacher is involved)*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which will address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*
- *If, following the review there needs to be a reflection on the grading standards that have been applied in a subject, historical insights must be applied consistently to all students. For this reason, we will ask subject leaders to rank students before data submission., However, this must not preclude any student from being able to achieve a particular grade. At all times, however, it is the evidence of student's work that must form the basis of each student's grade. A further review of evidence may need to take place should reflection on standards need to take place, briefly before submission.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects that we no longer offer from the historical data.*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will aim to remove that assessment from the basket of evidence and alternative evidence obtained. Where this is not possible and an assessment was used, the teacher must record the reason for this and be able to demonstrate that this was taken into account when making their final judgement.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders, Subject Leaders and Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Subject Leaders maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

## Authenticating evidence

### D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.

Assessments being used as part of the evidence base will be categorised with one of three levels of control:

Low	An activity that may have been at least partially completed at home either as homework or via remote learning. Students make a written statement of authentication that it is their own work. Marking also indicates that it was the students own work.
Medium	Assessment activity was completed in the classroom. Students were completing their own work. There were questions and discussion to support the learning, but teachers were able to check questions were answered alone. Marking indicated there was no plagiarism
High	Assessment activity was completed in controlled conditions within the classroom or in exam conditions. There may have been questions and discussions to support the learning before the assessment. In this case the following took place: <ul style="list-style-type: none"> <li>a) The activity took place in silence.</li> <li>b) The member of staff invigilated throughout the activity and</li> <li>c) The activity was timed</li> </ul>

- *In every qualification there will be at least one of the post Easter assessments that will have a high level of control and there will be spot checks by senior leaders to ensure this is being fully implemented.*
- *Students will be asked to sign a list of evidence regarding its authenticity.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

## Confidentiality, malpractice and conflicts of interest

### *Conflicts of Interest*

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

#### **C. Conflicts of Interest**

*This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.*

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).*
- *We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.*
