Insurance

Take the hassle out of handling insurance.

Take your time back! From eligibility verification to claims processing, we'll cut the red tape and make the most tedious part of dentistry easy. With unlimited claims, attachments, and narratives, we help you spend less time on technicalities and more time with your patients.

Eligibility Verification

"Will my insurance cover this?" If you accept dental insurance at your practice, you hear this question dozens of times a week. But with so many carriers, policies, deductibles, copays, and coverage options, it's almost impossible to give your patients fast, accurate answers. Dental Intelligence makes answering that question easier than ever.
