The fastest, easiest and highest quality concrete plunge pools.

Plungie's award-winning precast plunge pools are the first of their kind, quickly becoming the easiest and most cost-effective above ground concrete swimming pool.

A Plungie can be set all the way in the ground on a flat block as an in-ground plunge pool, or semi above the ground as a perfect solution for a sloping block.

Efficiently manufactured in an ISO accredited facility, Plungie pools are significantly cheaper than many other above ground concrete swimming pools on the market.

Arena

The Arena is the most sophisticated, architecturally designed, round concrete plunge pool in the world. At 3.5m and featuring ample, arena-style bench space, this plunge pool is perfect for bringing people together.
