**How to:**

Set up DirectPay

After you add a bank account, you can set a percentage of your pay to automatically allocate to a bank of your choice every payday

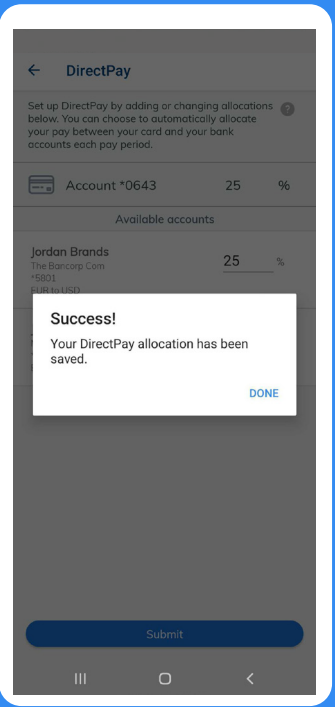

Log in to your Brightwell Navigator account tap **Settings** and then **DirectPay**

Enter the percentage % to go to your bank accounts, then tap **Submit**. The remaining percentage will go to your Brightwell Navigator card

Tap **Confirm** to accept the fees (if any)

Success! Your allocations are now saved

Tips about DirectPay:

Must have a bank account added to use DirectPay

Do not change DirectPay 3 days before payday

Cannot allocate to more than 2 banks

Brightwell allocates your money to your bank each payday based on the amount you specify
