

# Crew, Content & Community

TutorKit enables district administrators to **create, manage, and monitor** their own tutoring programs.

## ASSIGN TUTORS

Use your internal process for approving and hiring the tutors you want, then easily assign them to the programs you design in TutorKit.

## LAUNCH TUTORING SESSIONS

Maintain the quality of instruction your district provides by using the content and methodology you've established. TutorKit seamlessly integrates with your district's preferred video conference platform to deliver tutoring sessions.

## MEASURE & COMMUNICATE

TutorKit captures all the relevant data and feedback from your program, helping you measure the impact on student success and communicate easily with stakeholders.
