Taking Ezi-action® Technology to the World since 1991

In our early days we started with one person's vision to help manufacturers and resellers of liquid products grow their business through offering quality dispensing products.

A pair of kiwi inventors got together and created the Ezi-action® Drum Pump; an instant success with farmers across New Zealand. It didn't take long for NZ Pump Co. to become a world leading company.

Our head office is in Hamilton, New Zealand. We have customers spanning 111 countries and myriad industries, from agriculture to breweries, who all rely on our pumps for safely moving a variety of fluids.

We are committed to delivering high quality pumps to customers. While focusing on innovation and growth, the purpose remains what it's always been: "to keep putting our customers first and offer the very best quality hand pumps".

Our values:

Quality

Safety

Reliability

Performance

Unique Pumping Principle

The unique Ezi-action® patented pumping principle sets the New Zealand Pump Company apart. This special system pumps without critical fitting parts which means no wear. This system is ingenious in its simplicity and offers unsurpassed reliability and performance.

Quality, Reliability and Safety

Made from robust, FDA compliant plastics, Ezi-action® Drumpumps are used with confidence in many industries and in many market sectors around the world including agriculture, commercial, manufacturing and industrial. (For more information on how your market sector uses Ezi-action® Drumpumps see www.nzpump.com)

Full 24 Month Warranty

The New Zealand Pump Company stands behind its products. All Ezi-action® Drumpumps are fully serviceable and come with a full 24 Month Manufacturer's Warranty.
