

## *Welcoming New Patients!*

Did you know that many of our patients do not have dental insurance? At Delhi Dental, it is important to us to make it simple and affordable for our patients to receive the dental care they need and want. We are excited to share with you the Dental Savings Plan, our in-house discount program.

The Dental Savings plan is *not* an insurance policy and is a great value! Because we believe in preventing problems before they start, we've placed an emphasis on preventative care as well as offering discounts on ALL services for a low annual fee.

By utilizing our Dental Savings Plan, our goal is for our patients to save money, improve and maintain their oral health, and avoid the hassle and headache of traditional dental insurance.
