

Wahed Dow Jones Islamic World ETF

Why invest in UMMA?

Liquid global equity exposure: UMMA seeks to provide investors with exposure to global equities in line with Islamic ethical considerations.

Growth Potential: The fund aims for long-term growth and capital appreciation in line with U.S. market returns. Financial screens ensure constituents have low levels of leverage, creating a higher balance sheet quality to offset growth sector exposures

Tool for Diversification: UMMA provides investors with liquid global equity exposure across developed and emerging markets (excluding the US) across 9 GICS sectors.

Index-oriented approach: Though active, the fund aims for a low turnover, approach, largely tracking the Dow Jones Islamic Market International Titans 100 Index

Cost Effective: Provides a lower cost alternative compared to traditional global active mutual funds

Business & Financial Screening

- Companies involved (i.e., deriving more than 5% of their revenue) in any of the following activities are filtered out of the Dow Jones Islamic Market International Titans 100 Index and, therefore, the ETF excludes: Alcohol, Weapons and Defense, Impure Foodstock, Conventional Financial Institutions, Entertainment, Tobacco
- The remaining companies are then further screened on a financial basis. The following financial ratios must be met for companies to be included:
 - Total debt divided by the preceding 24-month average market capitalization < 33%
 - The sum of a company's cash and interest-bearing securities divided by the preceding 24-month average market capitalization < 33%
 - Accounts receivables divided by the preceding 24-month average market capitalization < 33%

Disclaimers

Before investing you should carefully consider the Fund's investment objectives, risks, charges, and expenses. This and other information is in the prospectus and summary prospectus. A hard copy may be obtained by clicking here. Please read the prospectus carefully before investing.

An investment in the Fund is subject to investment risk, including the possible loss of principal. The Fund may trade at a premium or discount to NAV. The Fund has the same risk as the underlying securities traded on the exchange throughout the day. Redemptions are limited and often commissions are charged on every trade. Wahed Dow Jones Islamic World ETF shares may be bought and sold on an exchange through a brokerage account. Brokerage commissions and ETF expenses will reduce investment returns. There can be no assurance that an active trading market for ETF shares will be developed or maintained. The risks associated with this fund are detailed in the "Principal Investment Risk" section of the prospectus and could include factors such as equity market risk, ETF risk, Market Capitalization risk, Market risk, new fund risk, non-diversification risk, passive investment risk, sector risk, tracking risk, ESG risk, Shariah-Compliant Investment risk, tracking error risk, and/or underlying index risk

Diversification does not assure a profit nor protect against a loss in a declining market.

Holdings are subject to change and are not buy/sell recommendations.

The Wahed Dow Jones Islamic World ETF (UMMA) is distributed by Quasar Distributors, LLC.
