Leadership Team

Paul Woodard
President & Creative Director

Jessica Lytle
Account Manager

Ben Gennetay
Senior Designer

Process is Key.

We believe in a collaborative design process that coalesces our creative strengths with our client's in-depth understanding to produce communications that matter.

SOAK

Strategy and Research

Because great design starts by understanding your problems, we begin by asking questions. A lot of questions. We work to understand your self-image, goals, audience, project parameters and desired outcomes. We research your intended audiences, and study the competition. We define the design problems and discover strategies for solving those problems effectively and memorably.

WASH

Creative Exploration and Design Development

Here is where we begin to introduce intuitive thinking into our problem-solving process. Through creative thinking exercises and collaborative discourse we develop ideas to visually express your core message. Every choice, from layout and color to type size and style is made with your communication goals in mind. The stand-out ideas are chosen for development into initial concepts, and are further refined. We then present the initial concepts to you and work with you to turn these concepts into comprehensive design directions.

RINSE

Production Management and Implementation

All the planning in the world is wasted without proper execution. At this phase we sweat the details, ensuring that every element works to aid the communication goal of the project. Once the final design is ready to produce, we work with you to create and/or gather needed text and images. We proof and refine the design, check, double-check, proof again, and prepare the design for final production. We work closely with all vendors to ensure that your finished product meets our (and your) standards of excellence.

SPIN

Outcome Evaluation

Our work isn't done after the project delivers. We want to know how it's working. We work with you to gather feedback, and evaluate not only how the process went, but also what the response has been from the target audiences.

Relationships, built on trust.

A few of our past and present business partners.

Resource Guidebook

program qualifications

All ZOLL full-time employees (30+ hours per week) and spouses are eligible to participate in the 2020 program and earn an incentive, which you'll receive in early 2021. You do not need to be enrolled in a ZOLL medical plan to participate.

ZOLL encourages you to have an active role in your health and well-being. Completing a Personal Health Assessment (PHA) Screening and learning your Health Risk Score are important steps to understanding your health status.

There is **no cost** to you or your spouse to participate in any aspect of the **Healthy Hearts! Healthy You!** program.

2

To qualify for an incentive under **Healthy Hearts! Healthy You!**, you and your spouse (if applicable) must:

Complete a Baseline Personal Health Assessment (PHA) Screening¹

Three ways to complete your 2020 baseline PHA.

- 1 On-site PHA screening
- 2 Screen at LabCorp or Quest Diagnostics
- 3 Submit a Physician Attestation Form from a recent doctor visit

Meet Standards for PHA Outcomes

Applies to employees only, not spouse.

- 1 View your health risk score on HealthPassport. See page 16 for instructions to access HealthPassport.
- 2 Show improvement in your score if your baseline values are moderate to high risk. If low risk, you will be eligible to earn your incentive

¹ If you participated in a 2019 PHA session, that will count as your baseline PHA for 2020.

3

PHA screening scheduling

- Go to careatc.com/patients
- First Time User:** Select "I'm New Here" and follow the prompts
- Established Patient:** Log in with your user name and password
- Need help? Call us at 800.993.8244

- 1 **Select PHA.**
Select Personal Health Assessment (PHA) Scheduling from your portal.
- 2 **Schedule your PHA.**
A) Follow the prompts to select your location, day, and time.
B) "Confirm" your appointment.
C) Choose your outside facility (LabCorp or Quest) and you'll be re-directed to their website for scheduling at a nearby location.

Choose this if you're planning to attend on-site or visit on September (scheduling opens July 1, 2020).

Choose this if you're going to LabCorp, Quest, or your personal physician.

Retirement Plan Solutions | 7

WE TAKE IT A STEP FURTHER.

We can alleviate the personal liability you assume if you currently serve as trustee of a qualified retirement plan.

Share the Liability

The Employee Retirement Income Security Act of 1974 (ERISA) requires that all qualified retirement plan assets be held in trust and managed by trustees.

Over \$1 billion
in retirement
assets under
management.

Fiduciary Liability & Conflicts of Interest.

It is not uncommon in smaller companies that a member of the management team acts both as the plan sponsor and as plan trustee. Conflicts of interest may arise. In addition, accumulating these responsibilities can be labor-intensive. It is a liability burden.

We Are Your Buffer.

A corporate discretionary trustee can provide an invaluable buffer between the plan sponsor and the plan assets, while performing a variety of administrative functions.

Discretionary Trustee.

Having a corporate discretionary trustee allows the fiduciary responsibility to be shared, reducing potential conflicts of interest.

In accepting this role, Trust Company of Oklahoma has complete responsibility for the assets of the plan, including the selection and monitoring of investments.

Recycle BA

Recycle & Trash Pilot Program Campaign

Postcards

The City of Broken Arrow offers a convenient way for you to get reminders about your trash and recycling pick-up day. Subscribing to both methods will help you stay on top of the new schedule. They also provide a convenient way to ask questions and report any problems.

1 Visit BrokenArrowOK.gov/alert and sign up to receive **automated phone calls**. These weekly messages will remind you of your pickup day and other basic instructions. You can unsubscribe via the website at any time.

2 Visit ActionCenterBA.com and download the **Action Center BA App** to your mobile device.

→ Use the app to report concerns and ask questions throughout the pilot program.

→ When reporting an issue or question, be sure to select Recycling under Issue Title/Category.

→ Requests are continually monitored during business hours, and responses are typically sent within 24 hours.

RecycleBA.com

Brochure

Information About Your Recycling Pilot Program

We appreciate your participation in Broken Arrow's recycling pilot program! The City is excited to kick off this program and evaluate adding recycling to our existing trash services. A 2016 customer survey showed great interest in recycling, and many other cities have seen great success with similar curbside recycling programs.

General Facts

- The pilot program will operate for four months beginning **January 23, 2019**.
- You will receive a **blue cart** for curbside **recycling**.
- You will continue to use trash bags to dispose of **trash/refuse** at the curb.
- Your trash and recycling material will be picked up **once a week on Friday**.
- Recycling is encouraged, but is not required.
- Participation in the recycling pilot program will not affect your sanitation service rates.
- Cart Dimensions: 95 Gallon Capacity, 44" high, 30" wide, 33" deep. Cart weight limit is 330 lbs.

Pick-up Time

- Everything to be picked up must be set at the curb, by **7:00 am** on the regular pickup day.

providing a corporate culture that is fun and rewarding as well.

Our Story
Our People

The success of Rupe Helmer Group is built on teamwork. We believe our talented and highly experienced group of unique individuals are second to none.

Our team will attest that Rupe Helmer Group is a great place to work. Making sure individuals fit within our culture is at the very heart of what we do, because we understand the value of the employee-client relationship. It's critical to a successful outcome—all the way around.

The culture of the company is extremely important to its success and everyone works toward the common goal of making Rupe Helmer Group a leader in customer satisfaction.

So you could say, we hire the best, for you. We put client satisfaction and attention to detail at the forefront of everything we do. Our unity is our strength. And, by staying true to our core values of integrity, passion, collaboration, service and teamwork, we've established Rupe Helmer Group as a leader in development, construction and real estate in Northeast Oklahoma and beyond.

WHO IS RUPE HELMER GROUP?

Rupe Helmer Group is a multi-award winning organization specializing in development, construction and real estate.

Since 2002, we have provided seamless experiences that are second to none. Through dedication to our core values and mission, we pride ourselves on delivering innovative solutions that exceed customer expectations.

Design Tech Renovations

Branding and Print Collateral

Design Tech Renovations can handle all of your home remodeling and repair needs. From full remodels, to small projects, we can get it done with an attention to detail that few can match. We work with you to design a project that exceeds your expectations and comes in on budget. Our areas of concentration are in swimming pool renovations. **WE ARE ONE OF ONLY A FEW COMPANIES THAT OFFER A FIBERGLASS RESURFACING OPTION FOR IN-GROUND SWIMMING POOLS.** kitchen and bath renovations, structural modifications for open concept, custom cedar fencing and outdoor structures.

Free in-home consultation and estimates with no obligation for payment.

Pools

Swimming pool renovations are a smart investment to make, given the high cost of the installation of a new pool. At Design Tech Renovations, we specialize in renovating existing residential swimming pools and the design of outdoor living enhancements. Whether it's a new slide, waterfall, outdoor kitchen, new pool heater or equipment, we are here to help and can make your backyard an oasis to enjoy for many years to come.

- Proprietary fiberglass re-surfacing system with vibrant multi-colored gel coats of the highest quality
- Re-plaster existing gunite pools with many options of colors and finishes
- Coping replacement using pre-cast and poured options
- Pool deck repairs and surface refinishing
- Tara® custom safety covers for any pool
- Energy efficient equipment upgrades
- Plumbing redesigns for better flow and economy

Bathrooms

Bathroom remodeling is the second-most common home renovation project, second only to kitchens. Remodeling your bathroom is not a simple task. A full remodel involves a great many skills across many different trades. At Design Tech Renovations, we have the breadth of knowledge and the pool of quality professionals necessary to be your one-stop-shop for all your bathroom remodeling needs.

- Proprietary estimating software guarantees accurate estimates
- Progress based payment schedules lets you space out the payments as work is completed
- 3D renderings and virtual walk-throughs help you visualize the completed project
- Choose among many options: custom or pre-fabricated vanity, frameless glass shower doors, granite or quartz countertops, recess lighting and LED lights
