Important Safety Instructions

Please follow these safety instructions carefully to actively reduce the risk of electric shock, fire, and injury to persons or property.

- Keep all crevices and openings of the product unblocked.
- Do not set the product on a heating register or over a radiator.
- Ensure that you provide proper ventilation at the installation site.
- Do not use while standing in or nearby water (e.g., bathtubs, kitchen sinks, or swimming pools).
- Do not use it unless your body – and especially your hands – are completely dry.
- Never insert objects of any kind into the product vents as that may result in fire or electric shock.
- Do not use liquid cleaners, aerosol cleaners, chemicals, or cleaning agents to clean this product.
- Clean this product with a soft, damp cloth.
- Do not disassemble this product. If your device requires service or repair work, please contact our Support Department via aawireless.io.
- Read and understand all instructions and save them for future reference.
- Follow all warnings and instructions as marked on the product. Save these instructions.

Introduction

Thank you for buying AAWireless, a product designed and sold by AAWireless. This user guide provides you with all the information to get the most from your AAWireless device. We ask you to read the instructions carefully. Please note that this dongle only works inside an Android Auto™ compatible car with your smartphone, which has the Android Auto™ app installed.

To make this user guide easy to read, we have omitted some

difficult definitions. Nevertheless, this document is subject to a number of terms and conditions that apply to both you as the customer and AAWireless. Please read the terms and conditions available via aawireless.io.

Enjoy Your Brand New AAWireless!

- No wires, no hassle.
- Automatically and wirelessly connects to your phone via Bluetooth® after initial setup.
- Plugs into the existing Android Auto enabled USB port of a compatible car or truck.
- Establishes a WiFi® connection through which Android Auto can operate..

Need help? If you have any problems setting up or using your wireless car adapter, please download our companion app via aawireless.app or contact us by visiting aawireless.io.

1. Getting To Know Your Adapter

1. USB type-C port.
2. USB cable with a type-C connector to plug into your AAWireless dongle and a type-A connector to plug into your car's Android Auto-enabled USB port.
3. Factory reset button.
4. LED indicator.

2. Setting Up Your AAWireless

Technical requirements

1. Your phone should be running version 9 or higher of the Android operating system to use AAWireless.
2. Your vehicle's multimedia device should be Android Auto compatible to use AAWireless.

Before setup

1. Check for any updates available to Android Auto for your mobile device via the Google Play app store.
2. Check if Wireless Android Auto is enabled in the Android Auto settings on your mobile device.

Easy setup via AAWireless Companion App

1. Download the AAWireless Companion App via the Play Store or aawireless.app.
2. Follow the steps in the app for easy setup.

3. Factory Reset

While powered on, press the reset button once using a thin object. The LED indicator turns off briefly, after which it turns back to solid green. The adapter is now ready to accept a new Bluetooth® pairing request from a nearby phone.

4. Technical Specifications

- Dimensions: 49x49x12 mm
- Processor: dual-core 1.2 Ghz
- WiFi®: 2.4 Ghz / 5 Ghz WiFi® AC/N
- Bluetooth®: 4.2
- Connector: USB-C

5. General Information

Cleaning the device

- Clean the adapter with a damp (not wet) cloth or an anti-static wipe.
- Never use household polish as this will damage the product. Never use a dry cloth as this may cause a static shock.

Environment

- Do not expose your device to direct sunlight.
- Do not place your product on carpets or other surfaces that generate fibers.
- Do not place it in locations preventing the free flow of air over its surfaces.
- Do not submerge any part of your product in water, and do not use it in damp or humid conditions, such as in bathrooms.
- Do not expose your product to fire, explosives, or other hazardous conditions.

6. Product Disposal Instructions

Product disposal instructions for residential users

Please dispose of your device according to your local authority's recycling processes when you have no further use for it. Contact your local authority or perhaps a retailer where you purchased your device for more information.

Product disposal instructions for business users

Business users should contact their suppliers, check the terms and conditions of the purchase contract, and ensure that they do not mix their device with other commercial waste for disposal.

7. Warranty Policy

What does this warranty cover?

AAWireless hereby represents and warrants that during the warranty period each sold product (I) will conform to its specifications, (II) will be free from defects in materials and workmanship and (III) will be manufactured and delivered in compliance with applicable laws.

Who is covered?

This warranty extends only to the first consumer purchaser and is not transferable.

What will AAWireless do?

AAWireless shall use all commercially reasonable efforts to remedy any failure of the product and to make it materially conform to its specifications, provided that the customer notifies AAWireless via support@aawireless.io of the claimed failure promptly upon discovery and within the warranty period, with a specific description of the nonconformance. Should AAWireless be unable to remedy such failure within a reasonable time after the notice has been provided, the customer shall be entitled to receive a new Product free of charge once.

What limitations are there?

Compatibility

AAWireless does not warrant that (i) use of the product will be un-interrupted or (ii) that the product will be compatible with all of the customer's (car)-equipment.

Warranty Period

The warranty period begins on the date of shipment of the product and expires one (1) year from the date of shipment.

Alternative use Product

AAWireless may disclaim any obligation or liability if AAWireless determines that the product has been altered, modified, has been

improperly installed or has been used in another way than the description in the manual.

Other

The warranties in this policy do not apply (I) to repairs or replacements required because of accident, misuse, neglect, failure to maintain in accordance with the specifications, or causes other than ordinary use of the product (II) to any portion of the product modified by or on behalf of the customer, (III) where serial numbers or warranty decals have been removed or altered, (IV) where the customer fails to follow the recommended operating and maintenance procedures of the product.

Liability

Any implied warranties, included but not limited to the implied warranties of merchantability and fitness for a particular purpose, shall be limited to the duration of this limited warranty. In no event AAWireless shall be liable, whether in contract or tort (including negligence) for damages in excess of the purchase price of the product for any indirect, incidental, special or consequential damages of any kind or loss of revenue/ profits, loss of business, loss of information or other financial loss arising out of or in connection with the ability or inability to use the product. These damages may be disclaimed to the full extent by law.

Some jurisdictions do not allow the limitation or exclusion of incidental or consequential damages, or limitation on the length of an implied warranty, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from one jurisdiction to another.

8. Returns

Reflection period

1. As a customer you can rescind your order during a reflection period of 14 days without stating any reasons. AAWireless will request what the reason for the

withdrawal is, but you're not required to state such a reason.

2. The reflection period referred to in paragraph 1 of this article commences on the day you or a third party designated by you has received the product. If you have ordered more than one product in one order, the reflection period commences on the day after the day you received the last product.

How to return

1. If you wish to make use of the right of withdrawal, you must notify AAWireless within the reflection period by filling in a model form, which can be requested via support@aawireless.io.
2. After the notification referred to in paragraph 1 of this article, you return the product to AAWireless as soon as possible, but in any event within 14 days after the day of the notification referred to in paragraph 1 of this article.
3. You return the product to AAWireless, as much as possible in its original condition and packaging, including all other accessories supplied, in accordance with the instructions included by AAWireless in the model form.
4. The risk and the burden of proof for exercising the right of withdrawal correctly and timely lies with you as the customer.
5. You bear all costs for returning the product, including the legally applicable duties and taxes (if applicable).

Return payment

1. AAWireless will make a full return payment to you as soon as possible, but in any event within 14 days following the day on which you notified the right of withdrawal.
2. For reimbursement, AAWireless uses the same payment method which you used for payment.

9. Complaints

If you have questions or complaints, you will be able to contact AAWireless via the email address support@aawireless.io. Complaints or questions will be handled within 14 days after receipt. If a complaint or question requires a longer processing time, AAWireless will inform you as soon as possible. In case any disputes between you as the customer and AAWireless arise, please find more detailed info regarding the applicable law in the terms and conditions available via aawireless.io.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to two conditions: (I) This device may not cause harmful interference, and (II) This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with a Class B digital device's limits under part 15 of the FCC Rules. These limits provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

- Any changes or modifications not expressly approved by the party responsible for compliance could void the authority to operate the equipment.
- This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment for body-worn configuration in direct contact with the phantom.

This equipment should be installed and operated with a minimum of 20 cm from your body.

The product is for car use only.

EU Declaration of Conformity

AAWireless hereby declares that the radio equipment type complies with RE Directive 2014/53/EU. The EU Declaration of Conformity can be obtained via aawireless.io.
