## SELECTION OF TEA

### BLACK TEA

#### English Breakfast

A fresh tasting brew with some good body, bright & distinct. A colourful liquor & it takes milk well.

#### Earl Grey

A bright liquor, the tea comes through well (great Assam quality). The tea is nicely in balance with the citrus notes.

### GREEN TEA

#### Jasmine Green

A light tea with the fragrance of Jasmine, suitable for any time of day when you want to relax. It will transport you to a summer garden, wherever you are

#### Organic Gunpowder Green

This exceptional; large leafed single estate green tea rolled up in the gunpowder form is from the Greenfield Organic tea estate located in the well-known Uva region of Shri Lanka. It creates a refreshing, bright pale yellow infusion with a light green tint.

### HERBAL INFUSION'S & FRUIT TEA

#### Peppermint

Caffeine free refreshing tea with fresh menthol aroma from the highest quality peppermint leaves. Tastes good hot or cold and is ideal after a meal.

#### Lemon Verbena Detox

The steeped leaves of this 2 gold star winner at the Great Taste Awards, yield a pale yellow liquor with notes of citrus, mango & figs along with apple like notes of camomile, ending with an aftertaste of sweet moringa.

#### Organic Very Berry Fruit Tea

Luscious caffeine free organic fruit tea with ruby red liquor and piquant tartness of hibiscus with hints of raspberry, strawberry and elderflower taste. Can be enjoyed both hot or cold.

#### Organic Turmeric Chai

This is (a) very clever (infusion) because the turmeric and cardamom are both there, the liquorice provides some notes underneath the spices and the pepper gives us a little hint of warmth.
