

[cinchconnectivity.com](http://cinchconnectivity.com)

Cinch supplies high quality, high performance connectors and cables globally to the Aerospace, Military/Defense, Commercial Transportation, Oil & Gas, High End Computer, and other markets.

[cree-led.com](http://cree-led.com)

Cree manufactures a full range of LED products: High-Brightness LEDs, Midpower LEDs, LED Modules, Power LEDs - Xlamp.

[e-switch.com](http://e-switch.com)

E-Switch has a wide range of switches for different markets: Anti-vandal, detector, pushbutton, rocker, tact, tilt, toggle, etc.

[fujitsu.com/us/products/devices/components/](http://fujitsu.com/us/products/devices/components/)

Fujitsu Components offers a wide variety of Electromechanical components: connectors, optical modules, relays, resistive touch panels, thermal printers & wireless modules.

[fujitsu.com/jp/group/foc/en/](http://fujitsu.com/jp/group/foc/en/)

FOC develops, manufactures and sells the most advanced optical components for 100G & beyond optical networks, including coherent transceivers (CFP DCO, CFP2 ACO), 100G CFP/CFP2 transceivers, 100G QSFP28 transceivers, 100G/400G LN modulators and 100G/400G integrated coherent receivers.

[inventeksys.com](http://inventeksys.com)

Inventek Systems is a USA-based, market leader in full-service Wireless & IoT Connectivity focused on Wi-Fi 802.11 a/b/g/n, Bluetooth, BLE, GPS, Combination modules & Antenna embedded modular system solutions..

[jauch.com](http://jauch.com)

Jauch Frequency control products are produced and configured according to the highest quality standards. Jauch Battery provides complete solutions for your battery system according to your requirements - standard cells and custom packs.

[johansondielectrics.com](http://johansondielectrics.com)

Johanson Dielectrics specializes in power electronics solutions for both high voltage & high power electronics applications. Our offering includes capacitors, X2Y EMI Filters, planar array filters, precision resistors and power inductors.

[johansontechnology.com](http://johansontechnology.com)

Johanson Technology provides high frequency ceramic solutions for cellular, WLAN, Bluetooth, WiFi, UWB, RF/Micro-wave and Fiber Optic applications, as well as custom high frequency ceramic solutions.

lairdconnect.com

Laird, We simplify the rapid integration of wireless connectivity with innovative solutions, world-class manufacturing and unparalleled customer support. Our culture creates a fast moving, flexible work environment attracting employees who focus on providing accelerated profitable growth. Wireless Modules (WiFi, Bluetooth, LoRaWAN, Cellular, RAMP), IoT Devices (Gateways, Sensors), RF Antennas (WiFi, BLE, Cellular, Internal, GNSS/GPS, RFID, IoT, Public Safety, Custom) and Accesories.

quectel.com

Quectel is a global IoT solutions provider: we exist to connect devices and people to networks and services, powering digital innovation and helping to build a smarter world. Our products and services help make life more convenient, efficient, comfortable, prosperous and secure.

taiwansemi.com

Taiwan Semiconductor offers a wide portfolio of discrete semiconductor devices: amplifiers, rectifiers, diodes, arrays, sensors, linear voltage regulators, switching regulators & transistors.

micron.com

Micron manufactures a full range of memory products such as: DRAM, DRAM Modules, NOR Flash, SSD/Solid State Storage, managed NAND, Hybrid memory cube, Multichip packages.

synapsewireless.com

Synapse is an IoT (Internet of Things) technology company. IoT hardware & software design and manufacturing providing end-to-end solutions. System architects have rich networking background. SimplySNAP lighting control systems.

wago.com/mx-es

WAGO is a company dedicated to electrical interconnections, automation and interfaces and interfaces, thus providing reliability and solutions to our partners. We are market leaders with our technology. technology. Whether in industrial, railway or industrial, railway or energy technologies, in the marine and offshore sectors, or in building and lighting management, WAGO products and solutions WAGO products and solutions provide safety and efficiency.

wolfspeed.com

Wolf speed, stands alone as the premier provider of the most field-tested silicon carbide and GaN Power solutions in the world.

As the leader in wide bandgap semiconductor technology, we partner with the world's designers to build a new future of faster, smaller, lighter and more powerful electronic systems.
