To whom it may concern,

I want to take a moment to personally commend Dean Sikes to you as a powerful and inspirational Christian speaker. I met Dean a few years ago as co-speakers at a motivational seminar. I discovered since that time that Dean has shared his life changing testimony and message of hope for 25 years in over 3,000 events for audiences of over 2.3 million students.

After that motivational event in Atlanta, I invited Dean to speak at Victory Bible College. He has since that time spoken at VBC on several occasions. He touched our students with a message of hope and left a lasting impact on them.

I am always thankful that with Dean's very busy schedule of speaking in over 100 cities in the United States he still finds time to leave an impact on our students here in Tulsa.

I can recommend Dean to you without hesitation and I believe he will be impactful in your setting. If you have the opportunity, take advantage of having Dean speak.

God bless you,

Ron McIntosh
Executive Director
