To Whom It May Concern,

Dean Sikes is a Lake Country Christian School favorite! For the past four years, Dean has made it a priority to bring awareness to difficult topics that students are faced with daily.

Dean engages in open and honest conversations that are necessary. His personal testimonials make it easier for students to be open and receive salvation and restoration. He reminds the students of their worth to God and others. I admire that Dean can address students of various grade levels and consistently convey the messages of hope.

I strongly believe that Dean's ministry has been instrumental in saving lives and guiding students toward seeking help. It's truly impressive to see his unwavering commitment to developing and empowering students through You Matter, all over the world.

Thank you, Mr. Sikes, for your time and dedication to the youth who will shape the future.

Best wishes!

A handwritten signature in black ink, appearing to read "M. Beeson", with a long horizontal line extending to the right.

Dr. Michael Beeson

Michael Beeson, Ed.D. | Middle & High School Principal and Director of Curriculum & Academics
