Patriot Viper Xtreme 5 DDR5 Announced as “Best System Memory Series” Finalist for 2023 European Hardware Awards

Patriot Viper’s highly anticipated flagship performance memory series will compete at the 9th annual EHA Awards.

FREMONT, CA – May 10th, 2023 – The European Hardware Association has announced that Patriot Memory, a leading manufacturer of high-performance enthusiast memory modules, SSDs, flash storage and gaming peripherals, has received an official nomination for “Best System Memory Series” at the 2023 European Hardware Awards for their Viper Xtreme 5 performance memory series. This nomination will mark Patriot Memory’s first-ever nomination by the European Hardware Association.

The Viper Xtreme 5 performance memory will compete among the following shortlisted 2023 nominees for “Best System Memory Series”:

Corsair Dominator Platinum RGB DDR5

G.Skill Trident Z5 RGB DDR5

Kingston FURY Beast RGB DDR5

TeamGroup T-Force Vulcan DDR5

“We are incredibly honored to receive a nomination for this year’s European Hardware Awards”, said Les Henry, VP of N. America and S. America Sales. “The reception and anticipation for the Xtreme 5 have been amazing, and we couldn’t be more excited about the future of Patriot Memory and where great products, like our Viper Xtreme 5 series, will take us.”

The 9th annual European Hardware Awards will announce their winners on May 29, 2023, at the W Hotel in Taipei, Taiwan.

Set to release worldwide in May 2023 from Patriot Memory’s gaming line, the record-setting Viper Xtreme 5 aims to take system performance to a new level made for extreme overclockers and enthusiast tinkerers alike. With speeds of up to 8000MHz, the Xtreme 5 is Patriot Memory and Viper Gaming’s fastest DRAM ever produced.

First showcased at CES in January 2023 in Las Vegas, Nevada, the Viper Xtreme 5 was featured in overclocker Fugger’s system that earned 2nd and 3rd place in the Intel XTU 2.0 Hall of Fame on January 7, 2023. Additionally, on January 15, 2023, the Viper Xtreme 5 was featured in Fugger’s system which earned 1st place and a global world record for the PCMark Extended benchmark.
