Patriot Viper Announces Viper Elite 5 DDR5 Performance Memory Series

As the newest series in Viper Gaming's DDR5 performance memory line, the Viper Elite 5 looks to combine the best of strong performance and aesthetics in 2023

FREMONT, CA – July 11th, 2023 – Patriot Memory has announced the official upcoming release of their latest DDR5 performance memory series, the Viper Elite 5 DDR5.

Featuring high frequencies of up to 7000MHz and capacities of up to 96GB, the Viper Elite 5 will offer strong performance and consistency designed for mainstream gamers and tech enthusiasts. The Viper Elite 5 offers high-quality ICs, unlocked PMIC, support for Intel XMP 3.0 and AMD EXPO overclocking profiles and a brand-new design inspired by high-speed bullet trains. Along with availability for both RGB and non-RGB models, the Viper Elite 5 will feature a one-of-a-kind matte white heatshield for a strong combination of high-performance and standout design.

“The Viper Elite 5 represents our ongoing mission to deliver the best combination of looks and speeds in performance memory”, said Les Henry, VP of N. America and S. America Sales. “After giving our fans a sneak preview at CES 2023 and Computex 2023, we’re thrilled to finally release it to the world.”

First announced and revealed at CES 2023 in Las Vegas, Nevada and recently shown at Computex 2023, the Viper Elite 5 is set to officially release in July 2023.
