Vista Group Chairman, Kirk Senior, said “For Vista Group to now be admitted to the S&P NZX 50 Index is another great milestone for the company. This constitutes both credit and recognition for everyone who has contributed to the company’s success over the years including our founders, our Board, our dedicated team of employees and our supportive shareholders. To secure this achievement two years after our listing on both the NZX and ASX illustrates the performance of Vista Group over that time. “
