## End Customer Warehouse Management System

SRXPLUS gives you total control of your inventory and assets. You know where it is when you need it, where it is used, and who used it. Integrate with suppliers, CMMS systems, across all of your locations. And it's easy to use from any devise.

## 9 Ways SRXPLUS benefits you:

**1** **Multi-location** - Manage inventory across sites and locations

**2** **Multi-supplier** - Manage all inventory

**3** **Supplier Integration** - Connect your supply chain by integrating with key suppliers

**4** **Analytics** – Dashboards and reports by Enterprise, business unit to parts

**5** **One system** – Manage everything, from anywhere, with one system

**6** **Equipment Intergration** - Vending, Lockers, RFID - all integrated

**7** **Supplier data** - Supplier data impacts your min/max calculations

**8** **Allocation code tracking** - Know where everything is used

**9** **Asset Management** - Control access with the same software
