

# Steps in Divorce Mediation

WHAT WILL HAPPEN NEXT IN MY DIVORCE MEDIATION

## STEP 01

### Starting the Process & Orientation

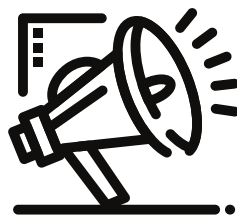

After both spouses agree to mediate the divorce and to retain BOP to act as their mediator, a welcome email will be sent to both with detailed instructions on next steps.

## STEP 02

### Information Gathering & Private Preliminary Planning

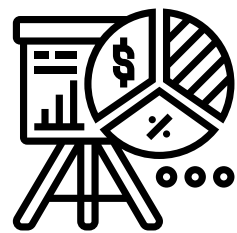

Once all necessary information has been input and uploaded into dtour.life, the mediator will prepare the initial Mediation Agenda.

## STEP 03

### Mediation Sessions

A series of virtual mediation sessions will be scheduled at mutually agreed upon times in 2-hour increments. Your mediator will help you identify the issues that need to be addressed and come to a resolution.

## STEP 04

### Agreement & Finalization

The Mediator will draft a Memorandum of Understanding (MOU). Both spouses will review and may notify mediator of any agreed upon changes. A final MOU will be prepared for the parties to file and finalize their divorce action.
