### 100% Virginia-grown rye.

In the crowded world of "High Ryes" on the market, Reservoir® Distillery is proud to offer the highest with our 100% rye mash bill from locally sourced grains. Reservoir shines with terroir-driven flavor.

We fondly refer to our Reservoir Rye—our first Double Gold winner—as our "Adult Swim" whiskey. Boldly complex, it dominates the Wheat and Bourbon expressions with an intense and sharply spiced profile that isn't too sweet.

Experienced bourbon and scotch drinkers looking for something new will find our Reservoir Rye more than satisfying. We bottle at 100 proof/50% ABV so that you can temper the spirit down to your liking.

Each bottle is hand numbered and signed by one of our dedicated distillers. To establish a baseline, serve our Rye Whiskey neat, then add a touch of water or a single ice cube to play with the strength that suits your palate.

Reservoir® Distillery is a Double Gold award-winning craft distillery located in Richmond, Virginia. We perform every step in the distilling process in-house, from creating the mash bill to bottling the final product, using all local Virginia ingredients to create premium whiskeys.
