Subtly vegetal, sweet, delightfully aromatic

100% *Virginia*-grown corn.

Reservoir[®] Distillery trusts the full force flavor of our local Virginia corn along with the deep aging capacity from our small barrels to produce a distinctively singular bourbon. We make an unparalleled *Virginia* bourbon flavor.

Our bourbon settles into the midpoint “sweet” spot between our velvety Wheat and sharply spiced Rye. Appealing to experienced whiskey hunters and the novice alike, this 100 proof/50% ABV whiskey is built to be bigger than the average bourbon so you can temper the spirit down to your liking.

Each bottle is hand numbered and signed by one of our dedicated distillers. Serve our Bourbon Whiskey neat to establish a baseline, then add a touch of water or a single ice cube to temper the proof.

Reservoir[®] Distillery is a Double Gold award-winning craft distillery located in Richmond, Virginia. We perform every step in the distilling process in-house, from creating the mash bill to bottling the final product, using all local Virginia ingredients to create premium whiskeys.
