Inspired experiences.

From thrilling outdoor adventures to inspiring creative experiences, activities at Andaz align perfectly with our philosophy of empowering you to explore, to chase, to discover. Take a mountain-biking tour through the desert, and then cool off with a quick kayak around Saguaro Lake. Learn to mix your own signature cocktails before a private dinner in our exhibition kitchen. Play a round of golf at a world-renowned course, then relive your day with friends around the fire pits at sunset.

It's all possible because it's all here, either on property or just a short drive away.

Create & Cultivate

Andaz Scottsdale's signature Create & Cultivate series immerses participants in music, art, nature, and community through enriching experiences with local artists, creators, and naturalists. Activities include the Birds of Prey experience, an Apothecary Blend Bar, Meet the Artist events, cooking and mixology classes, and more.

Andaz Adventures

Ideal for guests who seek an active escape, these activities are provided in partnership with trusted vendors. They include guided hikes and mountain-biking tours, stand-up paddle boarding, kayaking, even hotair balloon rides.

MINUTES FROM TOWN, MILES FROM ORDINARY

Bold flavors to fuel the fun.

Every dining experience at Andaz Scottsdale is infused with the unique flavors of the Southwest, touched with a bit of local flair and inspired by the Sonoran Desert surroundings.

Weft & Warp Art Bar + Kitchen

At Weft & Warp, the experience takes center stage, and it's one that is anything but traditional. A glass-walled exhibition kitchen gives guests the opportunity to dine in the middle of the action, while the rest of the space evokes a cozy living room—where there's always time for one more bite, one more glass, one more story. The central Art Bar crafts unforgettable cocktails that live up to the name, and our Wine Counter offers selections for connoisseurs, those eager to learn, and everyone in between.

Outside, a terrace perched high above the pool provides spectacular views to go with the creative cuisine; and for a unforgettable culinary journey, there are chef-guided dinners and private events at the Garden Table, surrounded by lush greenery under the desert sky.

Turquoise Pool Bar & Grille

With fresh, light bites, the Turquoise Pool Bar & Grille allows guests to linger at the pool and beat the heat a little longer. Relaxed and casual, but refined and airy, it's the ideal spot for hand-crafted cocktails, too.

Palo Verde Spa Dining

The Palo Verde Spa & Apothecary wellbeing journey extends to service at the Spa Pool, featuring fresh offerings such as salads, an array of smoothies and elixirs, and freshly pressed and squeezed juices (spiked, if desired).

Dine Anywhere

Andaz Scottsdale's signature picnic kits for two allow guests to find a cozy nook among the cacti and gardens for the perfect al fresco afternoon, and the resort's pool cabanas offer bottle service and special packages.
