San Ysidro Health to Inaugurate Southbay Pediatrics Clinic in Chula Vista, CA

Meeting the Healthcare Needs of the Youngest in the South Region

Chula Vista, CA – With children accounting for 25 percent of the population in Chula Vista, it's vital to ensure personalized access to care is readily available. Health care can influence a child's physical and emotional health and ultimately their capacity to reach their full potential as adults. In efforts to continue meeting the health care needs of the littlest members of our community and support in building a healthier community, San Ysidro Health (SYHealth) is excited to announce the grand opening of its new South Bay Pediatrics clinic in Chula Vista.

The South Bay Pediatrics clinic, located at 280 E Street in Chula Vista, provides a wide range of pediatric healthcare services, including well-child visits, immunizations, developmental screenings, and specialized care for infants, children, and adolescents. San Ysidro Health's South Bay Pediatrics clinic is equipped with the latest medical technology and staffed by a team of highly skilled and compassionate healthcare professionals.

"We are thrilled to continue expanding our services to bring quality healthcare closer to families in the community" said Kevin Mattson, President and CEO of San Ysidro Health. "The opening of the South Bay Pediatrics clinic represents our commitment to meeting the healthcare needs of the community, ensuring that children have access to high-quality care close to home."

SYHealth's South Bay Pediatrics Clinic offers a welcoming and child-friendly environment, designed to create a positive and comfortable experience for young patients and their families. With a focus on preventive care and early intervention, the clinic aims to support the healthy development and growth of children in the South County.

About San Ysidro Health

San Ysidro Health is a non-profit organization committed to providing high quality, compassionate, accessible, and affordable health care services for the entire family. The organization was founded by seven mothers in search of medical services for their children in 1969. Over fifty years later, San Ysidro Health now provides innovative care to more than 145,000 lives in our care through a vast and integrated network of 50 program sites across San Diego County including: medical clinics, dental clinics, behavioral health centers, HIV centers, WIC nutrition centers, mobile medical units, school-based health centers, chiropractic services, pediatric developmental clinic, teen clinic, senior health center and Program for All Inclusive Care for the Elderly (PACE). San Ysidro Health and its program sites are designed under the concept of the Patient Centered Medical Home (PCMH) model of care, where the patient, not the support staff or provider, is the focus of all care and services. For additional information please visit San Ysidro Health at www.syhealth.org.
