Florida Peninsula has two new ways to protect your family's home
**EQUIPMENT BREAKDOWN &
SERVICE LINE COVERAGE**

It's never a convenient time to deal with a home equipment failure. When equipment breakdown and service line coverage is added to your policy, it's a breeze to get up and running again. At a time when homes have more appliances and utilities than ever before, let us help your family by adding this inexpensive and useful coverage today.

Protection for the equipment your home relies on -----

\$50
per year

Equipment breakdown coverage protects a range of common household appliances and equipment from a sudden or accidental loss outside normal wear and tear and includes:

- Central AC
- Household appliances
- Computer equipment
- Emergency generator
- Personal electronics
- Water heater
- Security systems
- Well pumps

**Inexpensive
premiums**

**Use your own
contractor**

**No equipment
age restrictions**

Add protection for your underground service lines -----

\$80*
total per
year

Service Line coverage provides protection for the repair or replacement of underground service lines on your property, which you are responsible for, and includes:

- Water lines
- Electronic lines
- Sewer lines
- Steam piping
- Fiber optic lines
- Drainage lines
- Ground loop piping
- Phone lines

**Inexpensive
premiums**

**No need for monthly
utility service plans**

*Service line coverage is only available in conjunction with equipment breakdown coverage - price includes both.
