- Association of Related Church**
- Church Multiplication Network**
- Grace Home**
- Chesterfield Food Bank and
Outreach**

LOOKING FORWARD 2023:

I am so excited for all that God did last year. It was a special year. We saw so many salvations, baptisms, and life change in 2022. None of this happens without your generosity towards our church. Our board and elders have done a great job in keeping us accountable and managing God's resources with biblical stewardship.

As we move forward to 2023 we are believing God for 3 things:

1. **A new building:** We know our current church home is from God but only temporary ours. This year we will become more aggressive in saving for a building that will be a lighthouse to our community.
2. **More Local Impact:** We desire that our impact grows in the greater Richmond area. We want to expand our financial giving locally, launch new campuses in the area, and partner more with local schools.
3. **Increase our Discipleship resources:** We desire not to be a big church, that has zero disciples. Jesus calls us to raise disciples and leaders. This year we want to be intentional about doing just that.

Three Ways to Accomplish This:

REOCCURRING GIVING

Reoccurring giving takes the guess work out of tithing and gives leadership clarity of your financial giving.

KINGDOM BUILDERS

Kingdom Builders is when you give above and beyond your normal giving so that we could have a greater impact in our community.

PRAY

At Motivation, our leadership will never ask you for money, we always ask you to ask God what you should give. We are confident that God will tell you what you need to give.
