# Only the Best for Your Guests

Comfort and luxury coexist in our traditional guest rooms. Our AAA Four-Diamond rated 250 spacious College Station hotel rooms each feature either a king bed or two cozy queen beds.

Rooms include both a comfy chaise lounge and contemporary work space. Freshen up in our modern bathrooms, take advantage of our in-room refreshment centers with mini refrigerator, or kick back as your favorite channel plays across the room's smart TV.

With multiple dining outlets featuring fresh, locally sourced, Texas-centric ingredients, plus complimentary Wi-Fi, a fitness center and more, the Texas A&M Hotel and Conference Center has everything your guests will need.

## Room Block Options

### CONTRACT BLOCK

This is the best option if either you know how many guest rooms you will need for your wedding block or if you would like to guarantee the availability for a large guest room block. After signing a contract agreeing to a discounted rate, a personalized group weblink will be created allowing your guests to arrange and pay for their own accommodations until 30 days prior to arrival. Because these rooms will be held from inventory, there would be financial liability on your part if they are not utilized.

### COURTESY BLOCK

This is the best option if you are unsure of the number of guest rooms you will need. Your block will contain only 5 rooms per night. Once those rooms are booked, additional inventory will be added at the negotiated rate based on hotel availability. Your rooms will remain available to book via personalized group weblink until 30 days prior to arrival or so long as the hotel has the ability to hold them as a courtesy, whichever comes first. There is no financial liability.

**Inquire about our suite options for your wedding day preparations and honeymoon night. Custom catering offerings also available.**
