

GENESIS GV70

2023

DISCOVER THE GENESIS GV70

The GV70 is a premium urban SUV sporting a design that maximizes the athletic elegance of Genesis, a dynamic driving experience, an interior that emphasizes the "Beauty of Openness", and state-of-the-art technology for connected vehicles.

CONFIDENCE IS ALWAYS IN STYLE

From exteriors that harmonize strength and athleticism to interiors that promote minimalism and clean lines, the unique characteristics of the Genesis GV70 deliver new inspiration to your everyday life.

EXTERIOR DESIGN

FRONT DESIGN

The iconic Crest Grille, which takes its shape from the Genesis logo, has been set lower than the Quad Lamps to reflect the SUV's athletic nature, while the two-lined Quad Lamps evoke a sense of speed and dynamism. Skid plates placed on the bottom of the bumpers reinforce the SUV's powerful image.

SIDE PROFILE

The parabolic line begins above the Quad Lamps and runs elegantly along the side of the SUV, creating a dramatic contrast with the muscular rear fenders. The sleek and elegant coupe-like roofline, along with the dropping chrome line of the C-pillar, accentuates the GV70's unique character.

REAR DESIGN

At the rear, the signature tail lights feature the ultra-thin, two-lined Quad Lamps, while all functional elements are set in the bumper, helping to achieve exceptionally clean, pure forms. The rear also features a number of subtle design details—including a G-Matrix pattern-applied bumper, a unique vertical shaped muffler, and a body-coloured diffuser that accentuate the GV70's dynamic look.

CREST GRILLE

Inspired by the shield in the Genesis logo, the Crest Grille under the headlamps emphasizes the GV70's athletic and sporty image.

GENESIS

GV70

GV70

THE FINER DETAILS

The GV70's driver-oriented interior features the ultimate interpretation of "Beauty of Openness" inspired from Korean architecture, offering maximum comfort and convenience.

INTERIOR

PRIME NAPPA SEATS

Finished with the highest degree of craftsmanship to retain its natural texture, the upholstery embodies elegance through the harmony of its leather and suede details.*

*Specifications may vary depending on model.

WAVE LINE MOOD LIGHTING

As interior trim, the ambient mood lamps blend in with the surrounding materials to provide an elevated sense of elegance.*

*Available on 2.5T Advanced AWD models only.

AERODYNAMIC INTERIOR

The aerodynamic curvature of an airplane wing inspires a simple yet expressive driver-oriented environment. The slim air vents eliminate visual clutter while creating a clean and contemporary space.

SHIFT-BY-WIRE

Beautifully designed and built for the centre console, the shift-by-wire rotatable transmission dial is elegantly transparent and encapsulated with jewel-like finishes.

SLIM AIR VENTS

A thin chrome line crosses the GV70's slim air vents and extends up the doors on both sides to create a refined, but embracing atmosphere inside.

THE GENESIS GV70 SPORT

GV70 Sport and Sport Plus models offer a higher degree of athleticism that further enhance the raw emotion of the GV70.

SPORT EXCLUSIVE DESIGN

SPORT-EXCLUSIVE 21" WHEEL

21" G-Matrix-patterned wheels accentuate the sporty mood.

DARK TINTED RADIATOR GRILLE

The exclusive Sport radiator grille pattern and dark chrome enhance the overall sportiness.

SPORT EXCLUSIVE STEERING WHEEL

A Sport exclusive 3-spoke steering wheel further accentuates the dynamic image.

SPORT EXCLUSIVE NAPPA LEATHER QUILTING SEAT

Enhanced diamond quilting with added details for the ultimate sporty appearance.*

*Specifications may vary depending on model.

TECHNOLOGY

GENESIS TOUCH CONTROLLER (HANDWRITING RECOGNITION)

Rather than dealing with complicated keyboard input and the hassle of repetitively tapping the screen, the sleek Genesis touch controller allows for quick control of the infotainment system. Through the handwriting recognition function, you can also easily search for destinations and scroll through your phonebook.

12.3" 3D CLUSTER

The available 12.3" 3D cluster's large high-definition screen boasts a distinctive design while providing a variety of informative content depending on the driving mode. The cluster recognizes the driver's eye trajectory with its built-in cameras and offers a vivid 3D screen that can be seen from every angle.

With a simple and intuitive operating environment, the Genesis GV70 delivers state-of-the-art technology that enhances the user experience.

14.5" INFOTAINMENT SYSTEM

The 14.5" high-definition widescreen can be split to display media, weather, and GPS information separately and features a new graphical user interface (GUI) designed exclusively for Genesis.

FINGERPRINT AUTHENTICATION SYSTEM

Load individual driver profiles and settings or exit Valet Mode with the world's first in-vehicle fingerprint reader.

DYNAMIC PERFORMANCE

(HP/5,800rpm)

391 Maximum torque
(lb-ft/1,300-4,500rpm)

11.6 Combined fuel economy (L/100 kms)
AWD, 21"

PERFORMANCE

ALL-WHEEL DRIVE WITH TERRAIN MODE SELECT

By automatically detecting the driving situation on slippery and unstable road surfaces such as snowy or rainy roads, the standard AWD actively distributes and controls the front and rear driving force to enable stable driving even in situations that are difficult for the driver to recognize. The Terrain Mode select system features snow, sand, and mud modes, with each mode aiding in stable driving by comprehensively controlling the engine, brakes, transmission, and driving power, respectively.

INTEGRATED DRIVE MODE

Eco, Comfort, Custom, Sport, and Sport+ drive modes can be selected according to the driver's preferences or road conditions. Fuel-efficient Eco mode, smooth ride-oriented Comfort mode, and Sport and Sport+ modes that maximize acceleration performance and responsiveness—each provides a unique and tailored driving experience.

ELECTRONIC LIMITED SLIP DIFFERENTIAL (E-LSD)

With the available Electronic Limited Slip Differential, the driving power of the left and right wheels is appropriately distributed according to the road surface and driving conditions, enabling a stable driving experience. In situations where one wheel may be idle, such as in sudden turning, high-speed turning, or slipping on a rough road, the e-LSD concentrates power on the opposite wheel.

ELECTRONICALLY CONTROLLED SUSPENSION WITH ROAD PREVIEW

Utilizing both the front camera and navigation map information to analyze the road conditions ahead, the damping force of the suspension is automatically adjusted to control the movement of the vehicle. It provides a smooth and comfortable ride by recognizing and responding to situations that may have an impact on the vehicle, such as speed bumps.*

*Available on 3.5 T models only.

SAFETY

An advanced driving assistance system actively provides a safe and convenient driving experience. The driving technology of GV70 aims to alleviate even the smallest risk factors between drivers, cars and pedestrians, leaving only two essential elements: safety and convenience.

FORWARD ATTENTION WARNING (FAW)

An interior view camera monitors the driver's eye direction and will issue a warning if the system recognizes that the driver is not looking ahead.*

*Specifications may vary depending on model.

NAVIGATION-BASED SMART CRUISE CONTROL

The GV70 uses navigation map data to identify upcoming highway ramps, curves, and speed zones on highways and adapts accordingly by automatically decelerating and reaccelerating as needed.*

*Specifications may vary depending on model.

HIGHWAY DRIVING ASSIST (HDA)

Highway Driving Assist (HDA) is a driving convenience system that assists drivers in maintaining the centre of the lane, at an appropriate speed, while keeping a safe distance to the vehicle in front.

SURROUND VIEW MONITOR (SVM)

The available Surround View Monitor system utilizes cameras mounted around the vehicle to show diverse images of the vehicle's surroundings, including three-dimensional 360° images from any point of your vehicle, to assist with parking.

REMOTE SMART PARKING ASSIST (RSPA)

The available RSPA helps park the GV70 by controlling the steering wheel, vehicle speed, and transmission for an effortless parking experience. The RSPA can also be controlled remotely using the smart key.

FORWARD COLLISION-AVOIDANCE ASSIST (FCA)

When the risk of a collision with a vehicle/pedestrian/cyclist ahead is detected, FCA warns the driver and, if necessary, initiates braking to avoid a collision. In addition, the system automatically assists in braking when there is a risk of colliding with oncoming vehicles from the left or right sides of an intersection. Even when changing lanes, it detects oncoming vehicles or vehicles approaching from the side and assists in steering in the event of a collision risk.

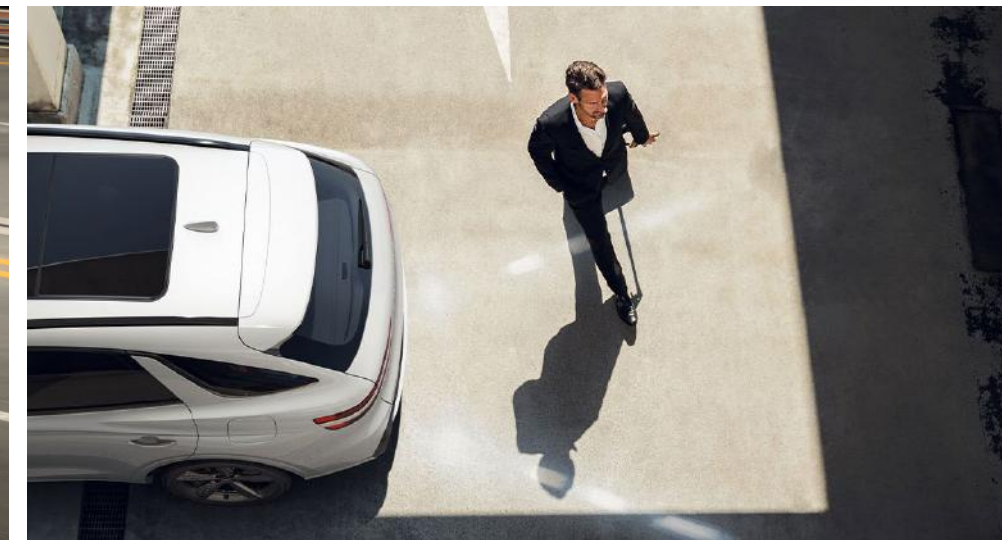

ADVANCED REAR OCCUPANT ALERT (RADAR-BASED ROA)

Radar-based ROA detects passengers in the rear seats and in the cargo area. When the rear door or tailgate is opened, the driver is alerted with a warning sound and a cluster pop-up when the driver disembarks. If the driver fails to notice the alarm and locks the car door, the radar sensors mounted on the rear seats and in the cargo area can detect minute movement and provide a second notification via horn, emergency lights, and even app notification (if feature is appropriately set up on Genesis Connected Services app).

BLIND-SPOT COLLISION-AVOIDANCE ASSIST (BCA)

If a risk of collision with a vehicle at the rear is detected while changing lanes, this system warns the driver and assists in braking if necessary to avoid imminent collision. Even when leaving a parallel-parked position, it detects the risk of collision with the vehicle at the rear and automatically assists in braking.

REVERSE PARKING COLLISION-AVOIDANCE ASSIST (PCA)

PCA prevents the vehicle from colliding with pedestrians or nearby obstacles in the rear when parking or exiting a parking spot, as well as when the vehicle is traveling at low speed by warning the driver and controlling the vehicle's braking function.*

*Specifications may vary depending on model.

GENESIS COMPLIMENTARY 5-YEAR CARE PLAN

ENJOY A 5-YEAR/100,000 KM* WORRY-FREE OWNERSHIP EXPERIENCE.

With exclusive services such as complimentary scheduled maintenance and roadside assistance, we're driven to exceed expectations, not simply meet them. With the Genesis Complimentary 5-Year Care Plan, your privileges extend beyond the comforts of the cabin to ensure that every need is met. Genesis owners can drive anywhere and anytime with complete peace-of-mind.

COMPLIMENTARY SCHEDULED MAINTENANCE*

Enjoy a worry-free ownership experience that includes Complimentary Scheduled Maintenance for 5 years or 100,000 km, whichever comes first.

COMPLIMENTARY MULTIMEDIA & NAVIGATION MAP UPDATES*

Keep your vehicle's advanced navigation system up to date with complimentary annual updates.

AT HOME VALET WITH COURTESY VEHICLE SERVICE*

For service and maintenance appointments, simply contact Genesis at Home and we'll come to your location of choice to pick up your vehicle. While your vehicle is being serviced, a Genesis courtesy vehicle is left at your disposal.

GENESIS CONNECTED SERVICES**

Stay connected with a suite of digital applications and remote services that are your direct link to convenience and confidence with a complimentary subscription to Genesis Connected Services.

COMPREHENSIVE LIMITED WARRANTY*

Enjoy peace of mind with a 5-year/ 100,000 km comprehensive limited warranty.

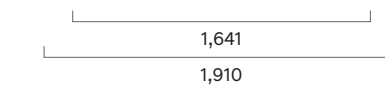

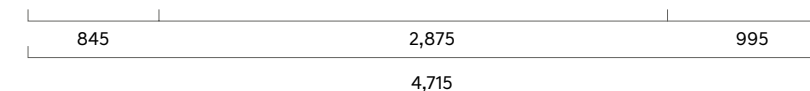

24/7 ENHANCED ROADSIDE ASSISTANCE**

Once you take delivery of your vehicle, you're seamlessly enrolled in our 5-year 24/7 Roadside Assistance program. In the rare event your travel plans take an unexpected turn, Roadside Assistance will provide timely flatbed towing to the nearest Genesis authorized service facility.

*See back for details.
