Step-by-step guide for students getting started with CoSpaces Edu
1. Register

1. Go to cospaces.io and click Register to create your account.

2. Create an account as a student.

3. Enter the class code that your teacher gave you and click Continue.

4. Choose the appropriate login option and click Create my account.
2. Create

Click **Classes** and enter your class to view your assignments.

If your teacher allowed it, you can create your own CoSpaces in a **Playground**.

Start by exploring the welcome CoSpace to get familiar with the basics.

To create a CoSpace, click **Create CoSpace**.

To start with, you can choose the first scene to build in.

You can create inside of a **3D environment** of your choice and view it in VR and AR.

You can also build upon a **360° image** that you choose and view it in VR.

If you're lucky to have this extra option, you can even build for the **MERGE Cube**!

Drag and drop 3D objects from the **Library** to add them to your scene.

You can even build your own using building blocks under **Building**.

Go to **Upload** to add 3D models, images and GIFs, videos, and even sounds!
3. Explore

The magic is that you can explore your CoSpaces in many ways!

**Play mode**

The Play mode lets you easily explore a CoSpace and move around it on any device. Simply open a CoSpace and click Play.

**Gyro mode**

You can explore a CoSpace with the Gyro mode using a tablet or a smartphone and the CoSpaces Edu mobile app. This lets you move your device to look around your CoSpace through the screen.

Open a CoSpace in Play mode and click the Gyro icon.

**VR (Virtual Reality) mode**

Your creations can be experienced in VR using the ClassVR headsets or with a mobile VR headset. To explore with mobile VR, open the CoSpaces Edu mobile app on a VR-compatible smartphone, Play your CoSpace and click the VR icon.

**AR (Augmented Reality) mode**

Using an AR-compatible tablet or smartphone, open the CoSpaces Edu mobile app, Play your CoSpace and click the AR icon.
Student checklist

Simply follow the steps below to start using CoSpaces Edu.

- **Create your CoSpaces Edu account**
  - From a computer, go to [cospaces.io](https://cospaces.io) and click Register.
  - From a phone or tablet, install the CoSpaces Edu app.
  - Create an account as a student.
  - Enter the class code provided by your teacher.
  - Choose your login. Use something you’re sure to remember!
  - Let your teacher know if you need help to join CoSpaces Edu.

- **Enter your class**
  - On the left menu, go to Classes and enter your class.
  - Let your teacher know if you can’t find your class in CoSpaces Edu.

- **Open your assignment**
  - When your teacher gives you an assignment, you’ll find it in your class.
  - Make sure to read the assignments’ instructions before getting to work!
Key application videos

EDITOR

Navigation:

- Rotate camera view
- Zoom in/out
- Move camera view
- Zoom camera to mouse position
- Center in on selected object
- View whole scene
- Zoom in
- Zoom out

Building:

- Rotation mode
- Turn grid snapping on/off
- Group/ungroup selected objects
- Duplicate and move
- Select all objects
- Copy selected object(s)
- Paste object(s)
- Deselect object(s)

CoBlocks:

- Copy selected CoBlock(s)
- Paste CoBlocks
- Copy all CoBlocks from the current workspace
PLAY MODE

Flying camera:

- ↑ W = Move forward
- ← A = Move left
- ↓ S = Move backward
- → D = Move right
- Q = Move up
- E = Move down

Walking camera:

- ↑ W = Move forward
- ← A = Move left
- ↓ S = Move backward
- → D = Move right
- SPACE = Jump

Orbit camera:

- = Rotate camera view
- + = Zoom in
- SPACE + = Move camera view
- - = Zoom out
- = Zoom in/out
