Welcome
Task Force Vision and Goals

Vision
The vision for the South River Forest and Public Safety Training Center Community Task Force is to contribute to the policymaking for a safe, equitable, and inclusive environment that provides comprehensive training for all public safety professionals and encourages public interaction with the site.

Goals
The goals for engagement are to:
- Create inclusive and community-driven recommendations for the surrounding green space (300 acres) and the public safety training curriculum.
- Facilitate an inclusive engagement process that incorporates the aspirations and expertise of the Atlantan community.
- Provide opportunities for fact-based education and awareness of the public safety training center and surrounding green space.
**Task Group Areas**

**Group 1: Parks & Greenspace**
Develop programming for passive and active uses of the land, while preserving its natural ecology.

**Group 2: Police, Fire, and E911 Curriculum**
Provide input on the collaborative potential and direction of the public safety curriculum.

**Group 3: Sustainability & Resilience**
Introduce and encourage the use of best practices with regards to infrastructure and development.

**Group 4: Visioning, Memorializing, and Repurposing the former Atlanta Prison Farm Site**
Contextualize the future best use of the Atlanta Prison Farm Site given its history.
Expectations

Engagement activities are centered around the planned development of the site.

Recommendations will be delivered to the Mayor’s Office, but all may not be implemented.

Task force members are representatives of their community of influence.

The Task Force is focused on the 300 acres surrounding the Public Safety Training Facility site.

Only selected Task Force members are to participate in the activities.
Rules for Engagement

Be Respectful of Others

Be Present; No Substitutions

Silence Cellphones

One Conversation at a Time

In Absence, Review Materials & Provide Comments
Subgroup Meetings

Meeting 1
Inform and Early Visioning

Meeting 2
Final Vision and Early Recommendations

Meeting 3
Preliminary Recommendations

Meeting 4
Refine & Prioritize recommendations

Meeting 5
Review & Vet Final Recommendations
Final Vision Statements
Final Vision Process
Draft Vision Statement – Sustainability and Resilience

Our vision is to promote innovative development practices by introducing sustainable infrastructure solutions that promote healthy and vibrant communities. The project will prioritize safety, equity, and community to create a culture of responsibility that South River Forest’s natural resources and the people who call it home.
Final Vision Statement – Sustainability and Resilience

Our vision is to ensure innovative development practices through community driven sustainable solutions that amplify health and vibrancy. We will prioritize safety and equity to create a culture of inclusion for all who interact with the entirety of the South River Forest.
Recommendations
Exercise
1. Review the recommendation “buckets” and drafted recommendations created from previous workgroups.
2. Write down your recommendation on a sticky note and pin it onto the board with each of the specified buckets.
3. Use the dots provided to you to prioritize the recommendations within each bucket. Use up to three (3) dots for each group.

Refer to the results from your group’s vision, previous plans, presentations, and any recommendations shared during workgroup meetings to inform the recommendations for your group.
Vision Process
Recommendation “Bucket” – Sustainability and Resilience

Quality of Life: improve the well-being for individuals and communities

Infrastructure: develop and improve systems and structures that support sustainable functioning

Retention: preserve and protect valuable resources, including natural, cultural, and human assets

04 Review Preliminary Recommendations
How do we ensure this reaches everyone, even those who don't want to speak up?

How do we make sure it's accessible to all? Language is equitable & community driver

How do we overcome the challenges of transportation emissions to reduce climate change impact?

What are areas that should not be ignored when considering the build-out of the remaining acreage of the training site?

Is there any climate, environmental, or cultural stressors that the site can aid to address?

What sustainability resilience-related community programs should be considered when considering the site and programmable spaces?

When it comes to sustainability and resilience, is there an example of a similar facility on a national or regional scale that can be emulated?
Activity Recap
1. Reviewed the recommendations from members of the task force “
2. Developed recommendations under each bucket
3. Prioritized all recommendations within each bucket, with up to three dots per bucket

If you have specific recommendation edits (i.e. sentence structure, rewrites, new recommendations), provide them on the comment cards so that we may record them for our next meeting
