- Week 4 Presentation
- Presentation from PSTC Development Team
- Recommendations Exercise
- Review Preliminary Recommendations
- Implementation Exercise
- Next Steps

Meeting Summary

- The development team shared the general site plans and building features that will be considered for the 85 acres of the site. The design and development team are working to include as many sustainable ideas based on the budget. The participants posed questions on the connections between the 85-acre development and sustainable development practices on surrounding areas
- Task force members completed ab exercise focused on evaluating past preliminary responses and elaborated on additional considerations. Member emphasized community feedback, agreement, and collaboration
- Task force members included responses on best practices to implement recommendations and engage the community

Next Steps

- Share recommendations in their raw format for final comments
- Develop goal statements and guiding principles
- Connect recommendations across groups to demonstrate alignment and opportunities to collaborate
