DISPENSA.

Our space miracle.

KESSEBÖHMER
THE ORIGINAL

Set everything in motion with
just one hand!

Maximum use of space
on a footprint of less
than three A4 sheets.

Needs little, offers plenty!

// **DISPENSA**

With dream measurements of 30 x 50 cm, our DISPENSA is a pioneer of perfect space utilisation in the most confined areas and its dimensions have changed efficient food storage for ever.

Using one hand, the entire unit contents on all 6 trays are gently conveyed so they are in front of the unit. The panoramic view of the entire height and from two sides makes it straightforward, quick and easy to find stored items.

SEELO

Footprint of only 0,5 m²

Height-adjustable trays
with individual style

Stored items visible up and down
the entire height, **quick and
easy access**

100 kg food storage
100 % organised.

// DISPENSA

DISPENSA provides up to 100 kg food storage on a footprint of only 0.15 m². Strong and convenient, it can be perfectly integrated into any kitchen design for maximum use of space.

Thanks to individually height adjustable trays, even tall storage items find their ideal place in the unit. This ensures optimum use of space. The practical Youboxx system for customised interior organisation also fits in perfectly and is simply hooked into the frame.

DISPENSA vs. drawer unit

Open and close once instead of five times.

Opened and closed in a fraction of the time!

Find at once
instead of searching
five times.

// DISPENSA

Instead of opening lots of drawers to put the shopping away or look for something, the fully laden DISPENSA can be opened very easily with just one movement and everything in it immediately becomes visible from any direction. Found in an instant instead of searching for ages.

DISPENSA with SoftStopp offers top-class, noise-free opening comfort. Tool-free instead of screw fixing is our motto. Put an end to lots of screws that are needed for assembling drawers and opt for tool-free assembly with the clever ClickFixx system and adjust with a screwdriver

Showtime for an ingenious storage space concept!

// **DISPENSA Family**

Every DISPENSA has its own character, perfectly complementing the range.

The DISPENSA junior III brings order and clarity to the base unit, while the

DISPENSA 15 cm is the expert in optimal usage of a 15 cm narrow niche.

The DISPENSA family is complemented by DepotLine, high-quality plastic food storage containers.

Five different sets of the YouBoxx organisation system complete the perfect organisation of storage items and individual organisation right down to the last detail. The sets are compatible with one another and can be put together to form a customised organisation system.

Again and again according to requirements. The cross beam they are hung from is simply hooked into the frame and can be reduced from 100 to 50 mm by turning it 180° on the grid in order to make even better use of the storage space. Young, innovative and to the point.

The great freedom.
