solid colors

DISCLAIMER: The colors shown in this catalog may not be exact due to printing process limitations. For absolute color fidelity, colors should always be chosen from physical samples.

^ΔTORGINOL® Variegated FLAKE may vary slightly from lot-to-lot due to limitations in the manufacturing process. To ensure optimal color consistency when using multiple lots, variegated colors should be intermixed prior to use.

*Fluorescent colors are not UV stable and are only intended for indoor use.

^ΔTORGINOL® Photoluminescent FLAKE are exclusively designed to be decorative in nature and serve to functionally enhance the aesthetic qualities of resinous flooring and wall coating systems. Glow FLAKE is not recommended to provide safety lighting.

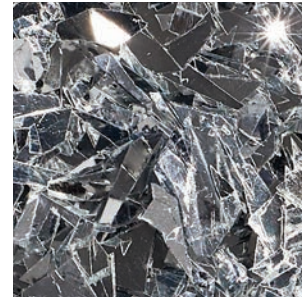

enhancement additives

Recommended percentage for FLAKE additives is 3% to standard FLAKE blends.

product information

durability and design

FLAKE flooring elements are used to enhance the appearance and texture qualities of high-performance flooring systems while maintaining superior chemical and abrasion resistance.

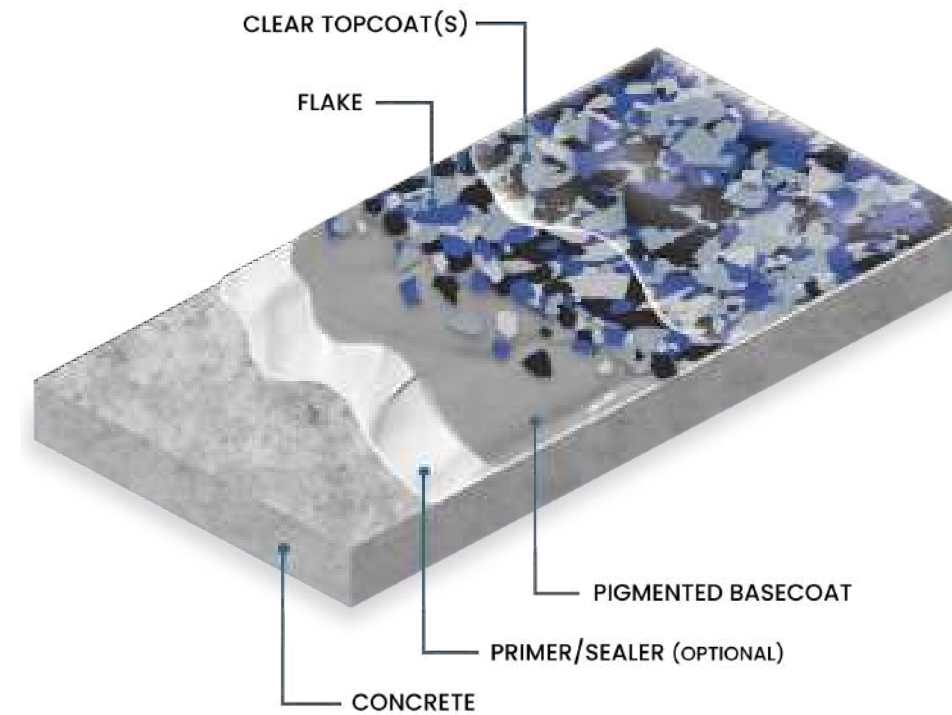

hygienic and seamless protection

High-performance flooring systems create seamless surfaces that are extremely durable and easy to maintain. The non-porous surface makes spills easy to clean and provides superior protection against the growth of mold and bacteria compared to tile and grout options.

design options

For everyday spaces, choose from our extensive collection of professionally designed color patterns.

For special projects, open the door to new possibilities and custom design FLAKE patterns from a selection of over 150 solid colors and various size options.

FLAKE floor system illustration

For best results, a clear topcoat is recommended to fully encapsulate FLAKE and provide a durable wearing surface.

benefits of FLAKE flooring systems

- DURABLE** Resinous flooring systems provide superior chemical and abrasion resistance over pre-engineered floors.
- DECORATIVE** FLAKE enhances high-performance flooring by adding custom color and texture to complement any environment.
- ECONOMICAL** FLAKE resinous flooring systems provide a cost effective alternative to pre-engineered floors.
- SAFE** FLAKE resinous flooring media provides an orange-peel texture that increases the slip-resistance and safety.
- HYGIENIC** Resinous flooring systems are wax free and easy to upkeep and clean with just soap and water.
- SEAMLESS** Resinous flooring creates a seamless, flowing surface that won't collect dirt, moisture, or germs.
- FLEXIBLE** Resinous flooring systems provide a flexible surface that deadens the noise of foot traffic and carts.
- RENEWABLE** After years of use, efficiently revitalize your resinous floor by sanding the surface and applying a new topcoat.

DISCLAIMER: The colors shown in this catalog may not be exact due to printing process limitations. For absolute color fidelity, colors should always be chosen from physical samples. All FLAKE blends pictured in 1/4" size unless marked otherwise.
