

TESTIMONIAL

I had the utilized the services of JLB for my relocation from Uk to Jamaica. They were very efficient and professional. They packed my items at my home in the Uk and delivered them to my home in Jamaica, all items listed so it was easy for me to find each item.

Items were received without damage and in time stated.

I would truly recommend JLB for reliable shipping needs. I still use them from time to time when i need items from the UK.
