### Local

Support a black-owned Vermont-based design agency, and foster growth in the Green Mountain State!

### Senior-level Expertise

Over 6 years of experience in the design field, with 100% 5 star ratings to show for it.

WHAT TO

# EXPECT

## 1. Choose your subscription tier

With 2 different tiers to choose from, you're able to scale Coumba Win's design resources to your needs. If a faster turn around time and design files are important to your business, the Platinum tier is for you!

## 2. Schedule our kick-off meeting

Once you've subscribed, it's time to schedule our kick off meeting! This will be your chance to meet the team, and give us context to your business needs. We will also take this opportunity to answer any questions you have, and show you how to submit a winning design request!

## 3. Submit a design request

We're off to the races! Create as many design requests as your heart desires! We'll take them on one-by-one in your personal design portal.

## 4. Receive your design, revise as needed.

We'll complete your design request within one or three days, depending on your tier. If you have any revisions, we will return it within that same time frame. We highly suggest submitting revisions in large batches, so we're able to mark your project as done, and get started on your next!

## 5. On to the next one!

Once you're happy with your design, mark it as done in your portal and we'll get started on your next!
