

GET THE BEST FROM APPLE TECHNOLOGY WITH UNIFIED ENDPOINT MANAGEMENT

DELIVER EXCEPTIONAL EXPERIENCES FOR ALL EMPLOYEES WITH MICROSOFT INTUNE

EFFICIENT ENDPOINT MANAGEMENT

Many organisations offer employees a choice of device. Managing a mixed Windows, Mac and mobile estate on Microsoft Intune avoids the need for multiple management systems.

- ✓ Avoids unnecessary licensing costs
- ✓ Streamlines support
- ✓ Delivers better end user experiences
- ✓ Eliminates management complexity
- ✓ Minimises support overheads
- ✓ Simplifies IT operations

MODERN ENDPOINTS FOR THE MODERN WORK ERA

Computacenter ensures efficient and cost-effective management of Apple devices in Intune to help users do their best work whether they are at home, in the office or out and about.

Superior employee experiences at any location with:

- ✓ Simplicity of use
- ✓ Higher productivity
- ✓ Ready to go out of the box
- ✓ Easy collaboration
- ✓ Technology matched to need
- ✓ Robust security
- ✓ Greater employee engagement

DIFFERENT DEVICES, ONE PLATFORM, MANY BENEFITS

- ✓ Employee choice helps organisations recruit and retain the right talent
- ✓ Reduced licencing for substantial cost savings
- ✓ Extra cost savings from streamlined operations and fast onboarding
- ✓ Skilled IT resources released to work on other valuable tasks
- ✓ Convenient, single self-service portal for all of a user's devices
- ✓ Higher return on Microsoft Intune investments
- ✓ Rapidly recoup the cost of unifying endpoint management
- ✓ Best practice security with Computacenter's MAP 365 automation platform

APPLE DEVICES MEET MODERN WORKING DEMANDS

Familiar user interface

High processing power

Long battery life

Convenient mobility

Robust security

Easy remote management

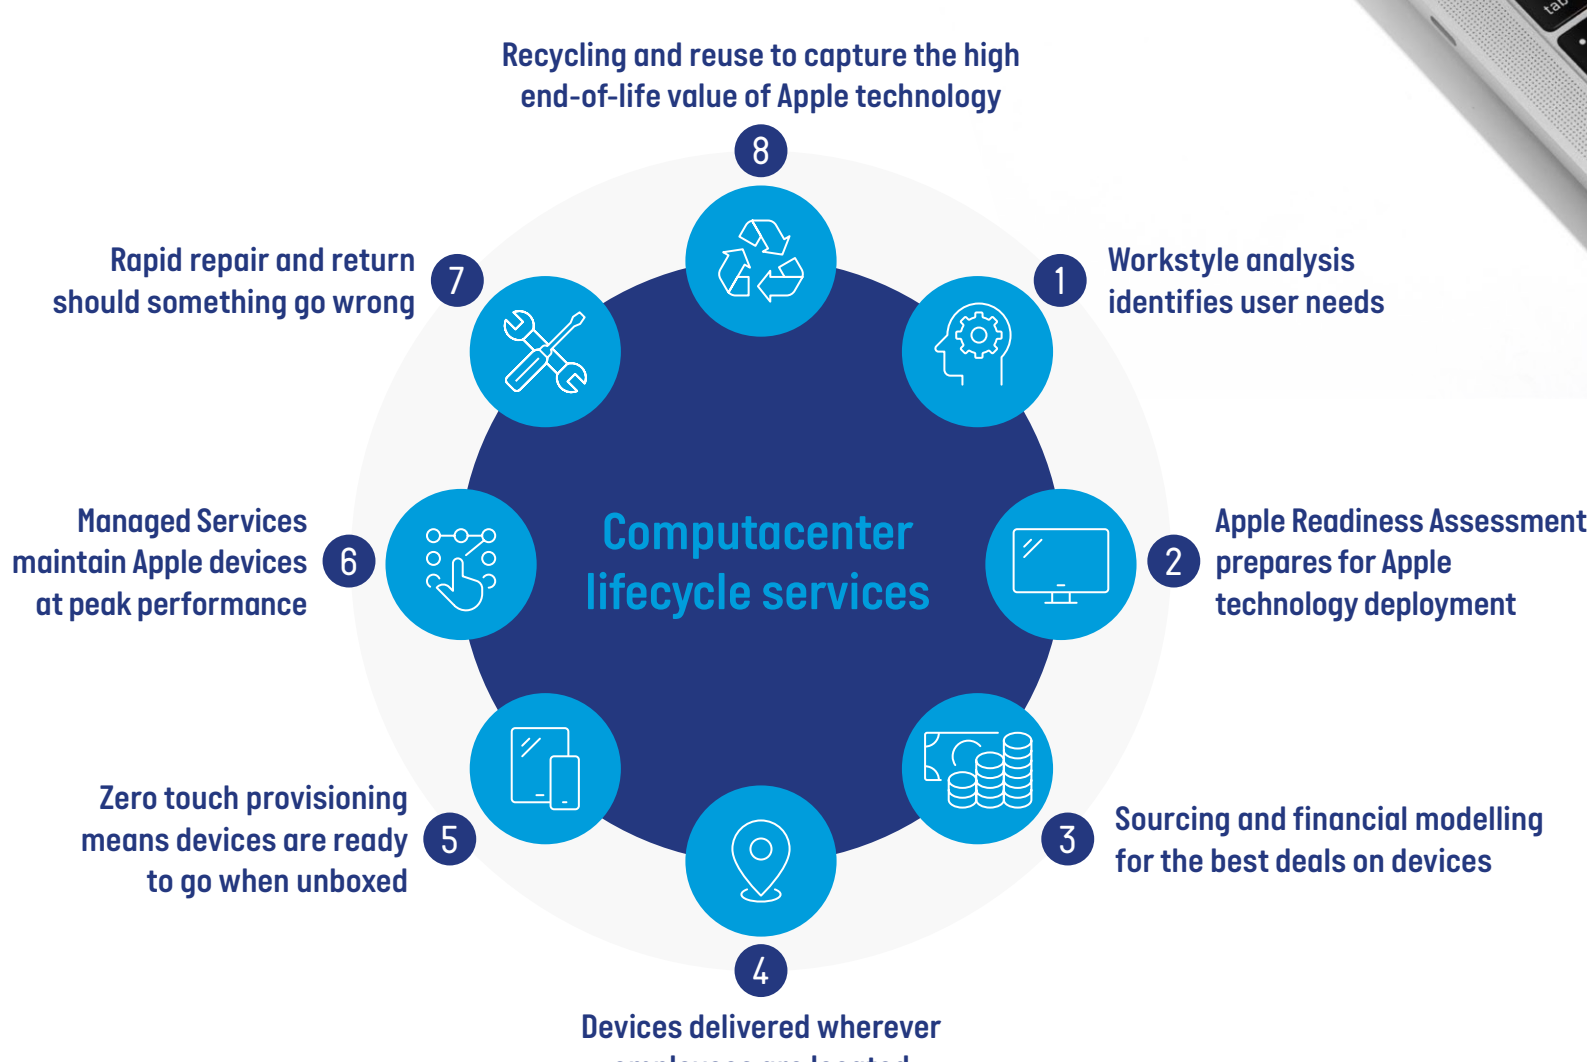

Seamless working between devices

With 1,000 macOS devices, an organisation could save more than £130,000 per year in third-party licencing
