

Internships are more at IAC.

More real ministry experience

LEADING

Every IAC internship places you as a key leader in a real ministry. You will experience all aspects of leadership, from behind the scenes, to empowering volunteers, to being up front.

And an IAC Pastor will be with you for the whole journey.

FORMATION

Leading without formation is asking for spiritual burnout. Every IAC internship integrates spiritual formation. This includes being a full member of our staff prayer meetings, worshiping without responsibilities on Sundays, and a safe place for mentorship.

TEAM

At IAC, leadership and formation take place in community. These teams are the intersection of our shared work and shared gospel. From leading events to sermon preparation, everything happens in teams. And there is a team for you at IAC.

More real ministry options

SUMMER

Join IAC for an exciting summer with our Kid and Student Ministries. Experience leading a community-based VBS with 6 locations and 200+ kids! Lead students into the mountains and into life with Jesus through mission and adventure.

Our Summer interships are best for young leaders who have completed high school and hope for a summer of impact to inform their sense of call.

YEAR-LONG

Spend a year with IAC! As a full member of the staff team you will experience life in church-based ministry fully. Designed to come alongside your education or other work goals, this 20hr/week role is flexible to meet your needs.

Our Year-Long internships are best for emerging leaders who are discerning a call to ministry and seeking experience learning in a community of believers.

MORE.

More.

IAC internships are more than running errands, grunt work, and fetching coffee.

There is more here for you. And we believe that sharing life with you will bring more of the Gospel to IAC.

Apply at springsiac.org/jobs.

Internships are more at IAC.

More Details: Summer

HOUSING

IAC provides housing for our summer interns. Host homes are families within IAC who create a welcoming space for you to rest, feast, and belong.

Host home families are fully vetted through our holistic safety policies.

SALARY

Internships are valuable, and not just the learning and experience for both intern and church.

An internship shouldn't cost your financial well-being. Summer interns are compensated a flat \$2500 for the summer, along with free housing and most meals.

HOURS

Summers are full of ministry. There are multiple weekly gatherings, week long events, and multi-day adventures.

This adds up to 40hr/wk, with a weekly day off, a day for sabbath, and a week of paid vacation.

More Details: Year-Long

HOUSING

IAC will support you in your search for sustainable housing as IAC will not provide housing.

We will connect you to local housing resources, people who have low-cost rentals, and more.

We believe this allows you to form a strong and healthy community for the whole year, while experiencing the benefit of broad community.

SALARY

In this position you won't be clocking in or worrying about getting your hours.

With a base \$1000/month, your stipend recognizes both your contribution and development within IAC.

And because the role is flexible you can continue to pursue your other educational or financial goals while discerning vocation.

HOURS

The Year-Long internship is a part-time, 20hr/wk role. Your work is largely oriented around what internship you are exploring: Student Ministry, Belonging Ministry, or a Pastoral Internship.

Your hours are highly flexible, based on the need of the ministry and your other goals.

Apply at springsiac.org/jobs.
