About Johnson & Wales University

Founded in 1914, Johnson & Wales University is a private, nonprofit, accredited institution with approximately 16,000 graduate, undergraduate, and online students at its four campuses in Providence, R.I.; North Miami, Fla.; Denver, Colo.; and Charlotte, N.C. An innovative educational leader, the university offers degree programs in arts and sciences, business, culinary arts, education, nutrition, hospitality and technology. Its unique model integrates arts and sciences and industry-focused education with work experience and leadership opportunities, inspiring students to achieve professional success and lifelong personal growth. The university’s impact is global, with alumni from 119 countries pursuing careers worldwide.

Here’s what makes JWU different.

- Degree programs are designed to provide you with the knowledge and skills employers have identified as necessary in your field of choice. And you don’t have to wait to build your career skills, as you’ll have the opportunity to take courses in your major in your first year.
- Students learn by doing. Faculty, many with industry experience, brings real-life knowledge and networking opportunities into small classroom settings.
- JWU’s programs provide opportunities for real-world experience, which can include internships, classroom projects with actual companies and community service learning. You’ll learn industry best practices and train on career-specific tools and software.
- Dedicated faculty and career advisors help you set professional goals and develop an educational plan designed for you to best attain those goals. In addition, specialized workshops help you build your résumé, highlight your skills and develop a portfolio of work to help set you apart.
- You’ll have the opportunity to network with employers who visit campus each year, including career fairs, on-campus interviews and career events geared to your major.
- JWU students intern at nearly 2,000 sites related to their major each year worldwide.
- At least one-third of credits in each JWU program are in the arts and sciences to help you develop the critical thinking, communication and analytical skills necessary for long-term career progression.
- JWU offers more than 40 study abroad programs and independent exchanges, all of which include study such as lecture, industry visits and cultural excursions. Study Abroad staff members will help you identify programs that best fit your academic and career goals.
- Participation in competitions as a member of DECA, BPA, FCCLA and other nationally recognized student organizations help build leadership, career skills and your résumé.
- Community service is integral to our educational philosophy. Our ongoing commitment to community service has repeatedly earned JWU a place on the President’s Higher Education Community Service Honor Roll.

Mission and Guiding Principles

Johnson & Wales University … an exceptional education that inspires professional success and lifelong personal and intellectual growth

In support of our mission and recognizing the importance of preserving our unique student-centered culture we will be guided by the following principles:

- Undertake continuous improvement and planning for a sustainable future.
- Foster a teaching-focused university that encourages appropriate scholarship and offers relevant programs that maximize student potential.
- Enrich our academic programs with experiential and work-integrated learning.
• Be cost-conscious in our endeavor to provide an affordable private university education and be a good steward of our resources.
• Embrace diversity for a richly inclusive community.
• Model ethical behavior and local, national and global citizenship.
• Value our faculty and staff by investing in their quality of life and professional development.
• Provide facilities, technology and other resources to meet the needs of students, faculty and staff.

**Programs of Study**

- **Associate in Science (A.S.) Degree**

  - Culinary Arts
- **Bachelor of Science (B.S.) Degree**
  - Baking & Pastry Arts and Food Service Management
  - Business Administration
  - Criminal Justice
  - Culinary Arts & Food Service Management
  - Fashion Merchandising & Retail Marketing
  - Hotel & Lodging Management
  - Management
  - Marketing
  - Restaurant, Food & Beverage Management
  - Sports/Entertainment/Event Management
  - Travel-Tourism & Hospitality Management
- **Minor**
  - Environmental Sustainability
  - Professional Communication
  - Professional Golf Management

**Transfer Credit**

Florida College System students who transfer with an Associate degree, under the terms of this agreement, are automatically accepted to Johnson & Wales University. Transfer coursework for transfer students with or without an Associate degree is evaluated on a course by course basis in accordance with Johnson & Wales University’s transfer credit policies.

Transfer students are eligible to apply for most JWU majors; however, they are not guaranteed credit. Credit is usually granted for courses completed with a grade of C or better (2.00 GPA) at another institution accredited by an accrediting agency recognized by the U.S. Department of Education or International Ministry of Education. Grades of “pass” are also acceptable for transfer if credit was awarded (and a grade of P has the numeric GPA value of 2.00 or greater). Credits earned in developmental and remedial courses or CEUs are nontransferable. Transfer credit evaluations are based on previous college work as it relates to the student’s intended field of study. Transfer credits are not calculated into the cumulative grade point average.

Transfer candidates must submit official college transcripts from all colleges previously attended prior to enrolling at JWU. Students must also submit final official high school transcripts and provide verification of high school or secondary school completion.
It is the responsibility of those candidates who are currently attending another college to have their updated transcripts sent to JWU as soon as final grades become available and no later than the first term of enrollment.

The university reserves the right to substitute courses at the discretion of the department chairs, directors or deans.

Students registering for a class in which they have transfer credits must submit a written request to Student Academic & Financial Services to have their transfer credits rescinded. Upon completion of the course, the grade earned will be included on the student’s academic record and transfer credit will not be considered again for the course.

**How to Apply**
Students are encouraged to apply online for quicker processing. Paper applications are also accepted. For either method, no application fee is required.
For further information, visit our website at www.jwu.edu
Course Equivalency Tables

The following are examples of program course equivalencies. Please be aware, all coursework for transfer students with or without an Associate degree is evaluated on a course by course basis in accordance with Johnson & Wales University’s transfer credit policies. The course equivalencies indicated in the following tables will apply to all Florida College institutions under the terms of the articulation agreement.

**Name of Institution:** Johnson & Wales University

**Academic Year:** 2014-2015
