

BRIDGES

WELCOME TO BRIDGE BUILDERS!

THREE LEVELS OF ENGAGEMENT

Bridge Builders *CONNECT* Field Trips, Workshops And Special Events

Engage your 6th-12th graders in one or more of our many hands-on, interactive CONNECT workshops, which can be delivered at the Jim Boyd BRIDGES Center in downtown Memphis or at your school or organization. BRIDGES also hosts multiple large-scale events annually to bring youth together from across the region for education, inspiration, and action. Visit BRIDGESUSA.ORG/CONNECT for more information.

Bridge Builders *COLLABORATE* Year-Long Experience For Your Student Leaders

Nominate your rising 7th-12th graders to participate in COLLABORATE, which begins with a five-day summer leadership conference and continues through the school year with six more trainings, community actions, and electives after school and on weekends. COLLABORATE helps youth from across the Mid-South build friendships, develop leadership skills, and work together to create positive social change in their communities. Head to BRIDGESUSA.ORG/COLLABORATE for more.

Bridge Builders *CHANGE* Youth Organizer Fellowships

Challenge and encourage one of your students to apply for a CHANGE fellowship. These year-long paid positions are for passionate and committed youth in grades 9-12 who have already completed the COLLABORATE level and are ready to lead a community-wide social change initiative. Learn more now at BRIDGESUSA.ORG/CHANGE.
