

LUMIFI™

FOR PEOPLE AND
PLANET.

SOLAR ON THE RISE

The sun is the ultimate resource, and the solar energy opportunity grows with each new day. Still, only around 3% of households currently take advantage of this ever-improving technology. At Lumifi, we specialize in financing solutions that make it easier than ever to upgrade a home.

LUMIFI™

FOR PEOPLE
AND
PLANET.

WHO WE ARE

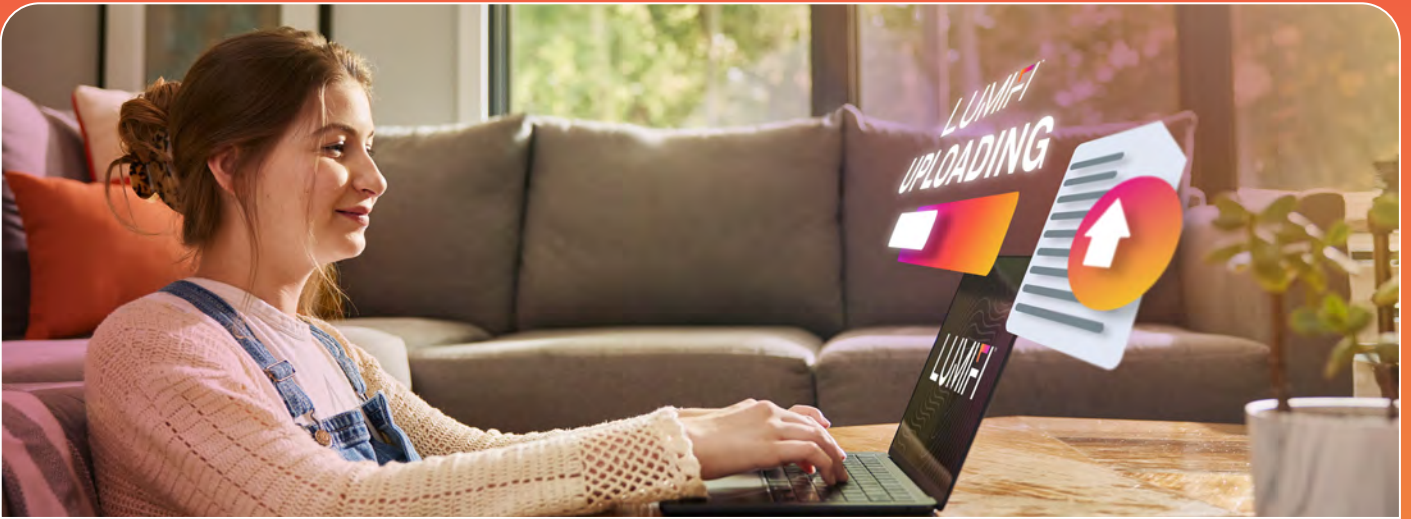

At Lumifi, we are a values-first financial institution designed to deliver solar financing solutions that benefit both people and planet.

We offer financing options that empower customers to invest in environmentally responsible upgrades, like solar power equipment, by providing thoughtful products and extraordinary service. We're providing solar financing solutions today with tomorrow in mind.

OPPORTUNITY ON THE HORIZON

As the solar industry continues to grow, we see endless possibilities in every new change. We put all our energy into serving our customers and growing our partnerships, because we believe in the power of people to make a difference. We're financing the future, one panel at a time.

WE EXIST TO SERVE

STEWARDSHIP

We're accountable for the well-being of customers, team members, and we bring a posture of service to everything we do.

EMPATHY

We're sensitive to the feelings and emotions of others because we care about treating people well.

RESPONSIVENESS

We react quickly and positively, ready to act and get stuff done.

VISION

We have the courage and ability to do the impossible while also having fun along the way.

EMPOWERMENT

We empower those around us, sharing what we know to help everyone be better.
